Section 1: SPECIAL DUTY PAY

INCENTIVE PAY (INCLUDING ACIP)
90100. INTRODUCTION.

1. The different categories of this Section are those items that pertain to Incentive Pay, Aviation Career Incentive Pay (ACIP), Hazardous Duty Pay, etc. Detailed reporting information is indicated in the following paragraphs.

2. Diary input authority is indicated for HQ, Reg or Res. Type Transaction Code (TTC) statements for this section are shown below with the input authority and corrections indicator immediately following the statement.

Detailed instructions concerning conditions of entitlement to pay and/or allowances are contained in the DoDFMR, Vol 7A, MCTFS APSM and JFTR. **Refer to the DoDFMR, Vol 7A to determine when it is necessary to report changes that affect pay and/or allowances.** Any instructions contained in this Manual are not intended to replace those contained in the references. The instructions contained in this Manual will enable the unit to prepare the appropriate UD entries, such as entitlement starts and stops, once it has been determined that the pay status of the Marine has been affected. The specific reference to determine the entitlement's policy will be included as required (e.g., DoDFMR, Vol 7A, Chap III; and/or JFTR, Vol. 1, Chap 9 and 12 and the MCTFS APSM). It is imperative that all PAAN's, SAAN's, TAN's, SAO's, PAA's and MISSO advisories are read and maintained at the reporting unit level.

90101. INCENTIVE PAY FOR HAZARDOUS DUTY.

1. Incentive pay is additional pay for the performance of hazardous duties. The instructions and performance requirements are contained in the DoDFMR VOL 7A. Regulations pertaining to detailing personnel to hazardous duties are contained in MCO P1000.6 and MCO 1326.2 for flying duty. **Tables 9-1 through 9-7** prescribe the UD entries for the commencement, termination, or change of entitlement to incentive pay.

a. Entitlement to incentive pay requires the issuance of competent orders directing the performance of hazardous duty. **Orders are issued by the Commandant of the Marine Corps, Commanding Generals, and Unit Commanders authorized by CMC.** The orders specify the type of duty and whether or not the orders are permanent or temporary. Orders involving hazardous duties are classified as:

(1) Permanent Orders. Orders that remain in effect until revoked or suspended. The orders are issued by the CMC to naval aviators, naval flight officers, or naval aviation pilots. Permanent orders are not affected by transfer between stations.

(2) Temporary Indefinite Orders. Orders that are issued to Marines for hazardous duties that will be performed for a period that is expected to exceed 1 month (crewmembers flight orders not less than 120 days).

MCTFSPRIM

(3) Temporary Definite Orders. Orders that are issued to non crewmembers for hazardous duty that will be performed for a period of 1 month or less. See MCO 1326.2 for additional information.

b. All RUs must ensure that appropriate administrative action is taken to promptly report any change of status that affects entitlement HDIP. For Reserve Marines the period of HDIP entitlement or checkage being reported must equal or include dates within a previously or concurrently reported IDT or AD period for a Reservist.

2. First Sergeants and Sergeants Major assigned to the following units participating in hazardous duty indicated with an additional MOS may qualify for hazardous duty incentive pay:

a. Reconnaissance battalion.

b. Force reconnaissance company.

c. ANGLICO.

d. Air delivery platoon.

e. I-I staff for ANGLICO/air delivery platoon/reconnaissance battalion/force reconnaissance company.

3. The qualifying MOS's are as follows:

8652	RECON MAN, PARACHUTE JUMP QUALIFIED	9953	PARACHUTIST/SCUBA & UBA MARINE (OFFICER/ENLISTED)
------	-------------------------------------	------	--

8654	RECON MAN, PARACHUTE AND SCUBA QUALIFIED	9962	PARACHUTIST (OFFICER/ENLISTED)
------	--	------	-----------------------------------

5. **When more than one type of incentive pay is authorized for the Marine, each statement must be reported separately. For a reservist, the FROM and TO date must be equal when reporting TTC 127 in conjunction with drills. The reporting of inclusive dates is restricted to periods of active duty.** Refer to MCO P1000.6, Assignment, Classification, and Travel Systems Manual (ACTSMAN)

90102. AVIATION DATA ELEMENTS.

1. Aviation Career Incentive Pay (ACIP). This is career incentive pay for aeronautically designated officers who engage in aviation service on a career basis. Entitlement provisions are set forth in the DoDFMR VOL 7A. An explanation of the ACIP Program, terminology, and assignment criteria are contained in MCO P1000.6, and MCO P1001R.1 (reserve personnel). Refer to Tables 9-14 through 9-16 for Operational Flying (OPFLY) and ACIP reporting requirements. Effective 17 October 1998, only an officer's Aviation Service Entry Date (ASED) is used as a factor in the calculation for ACIP.

2. Permanent flight orders issued by the CMC (MMOA-2) assign aeronautically designated officers to flying status. Thereafter, **PCS orders will specify a duty assignment of either Duty Involving Flying Operational (DIFOP) or Duty Involving Flying Denied (DIFDEN)**. ACIP is a continuous entitlement for the first 12 years of aviation service, regardless of duty assignment. Screening points or OPFLY GATES have been established at the end of the 12th and 18th years of aviation service. An officer failing to have the minimum required OPFLY time to pass his appropriate OPFLY GATE or who has exceeded a certain specified length of officer service is no longer entitled to continuous ACIP. However, monthly ACIP may be credited to an otherwise qualified aviation officer if in an operational flying billet (DIFOP duty assignment), and prescribed flight hour minimums are met. Specific OPFLY GATE information is contained in the DoDFMR VOL 7A.

3. Initial Aviation Officer Entries. ACIP is initiated when an officer first reports under competent orders for training leading to aeronautical designation. Table 9-14 through 9-16 contains a summary of those entries required to commence ACIP and OPFLY time accrual.

MCTFSPRIM

4. Aviation Service Entry Date (ASED). The date an officer first reports on competent orders to the aviation unit having aircraft in which the officer will receive flight training leading directly to the award of an aeronautical designation. The ASED will be adjusted to exclude broken aviation service. The UD statement for reporting or correcting the ASED is below. **This entry can only be reported by CMC (MMOA-2), MATSG Pensacola and MATSG Corpus Christi-NOT MISSO.** Report as follows:

TTC 295 001 ACDU AVNSERV BASE DATE_____|
8-byte ED (YYYYMMDD) _____↑

5. Aviation Data Element Adjustments. From time to time an officer's OPFLY base date, ASED, date designated military pilot (DATDMP), accumulated OPFLY time, or OPFLY GATE information may be determined to be incorrect. In this case, the individual officer is responsible for the correction to the Marine's record and should initiate an administrative action (AA) form addressing the problem to the CMC (MMOA-2). All UD statements causing the above data elements to be adjusted are restricted.

6. Deletion of Aviation Data Elements. When an officer's assignment to duty in a flying status is terminated, aviation-related data elements in the Marine's record must be deleted. The following UD entry will delete these data elements. **This entry can only be reported by the CMC (MMOA-2), MATSG Pensacola, and MATSG Corpus Christi (not MISSO) after the Marine's entitlement to ACIP has been terminated.** Report as follows:

TTC 467 000 TERM AVN STAT ED_____|
8-byte ED (YYYYMMDD) _____↑

7. Operational Flying Base Date (OPFLY) **To be input only by CMC (MMOA) NOT MISSO.** This date will be the same as the ASED, except for those who began flight training before being commissioned. The OPFLY base date will be adjusted to exclude broken aviation service. The following UD statement will be used to report or correct the OPFLY base date. This entry can only be reported by the CMC (MMOA-2), MATSG Pensacola and MATSG Corpus Christi.

TTC 456 000 OPFLY BASE DATE_____| (CMC (MMOA-2))
8-byte ED (YYYYMMDD) _____↑

8. Active Duty Officer Service Base Date (OSD). (Refer to Chapter 5, Section 6.)

90103. ACIP (TTC 127/129/130/131).

a. This statement will start the ACIP pay and allow payment of continuous ACIP in the appropriate amount. This is intended to be a one-time entry, any RU may report this statement if an officer's ACIP has been inadvertently stopped. The ED will be the same as the ASED for initial reporting, or the day following the date ACIP was erroneously terminated. **The Officer Service Date (OSD) and Aviation Service Entry Date (ASED) must be present in the officer's Master Record or the entry will fail.**

TTC 130 001 STRT **PERM** FLY DU CREW MBR ED_____| (ACTIVE DUTY)
8-byte ED (YYYYMMDD) _____↑

b. The duty assignment has no affect on the amount of ACIP; it only indicates that OPFLY time is either accumulating (DIFOP) or not accumulating (DIFDEN).

(1) Start Monthly ACIP. Aeronautically designated officers who rate ACIP but who have not qualified for continuous ACIP, are entitled to monthly (or conditional) ACIP. When an officer is joined to a DIFOP assignment, view the officer's orders and ensure they contain the acronym "DIFOP." The RU may be required to start, stop, or adjust ACIP. See DoDFMR VOL 7A and MCO P1000.6 for entitlement criteria. Report as follows:

TTC 130 009 STRT **TEMP** FLY DU CREW MBR ED_____|

MCTFSPRIM

8-byte ED (YYYYMMDD) _____ ↑

(2) Stop ACIP. If entitlement to ACIP ceases (for example, if an officer is entitled only to monthly ACIP and is being transferred to a DIFDEN assignment). The ED is the date of transfer. Report as follows:

TTC 131 001 STOP FLY DU ED _____ |

8-byte ED (YYYYMMDD) _____ ↑

(3) ACIP Checkage. If an officer rates monthly ACIP but fails to meet the prescribed flight hour minimums or other criteria specified in DoDFMR VOL 7A. Report as follows:

TTC 129 001 CHEK FLY DU _____ TO _____ |

8-byte ED (YYYYMMDD) _____ ↑ ↑

c. Reserves. Once ACIP entitlement has been established, UD entries are required to start, stop, or check the entitlement. Once started, the system will generate ACIP payments for any paid IDT periods or AD reported. If ACIP entitlement is terminated a UD entry reporting termination will be reported immediately. If ACIP was received, but not authorized, a checkage will be reported. Refer to Table 9-14, and report as appropriate:

TTC 130 013 STRT ACIP OPER ED _____ | (reserve)

8-byte ED (YYYYMMDD) _____ ↑

or

TTC 130 014 STOP ACIP OPER ED _____ |

8-byte ED (YYYYMMDD) _____ ↑

or

TTC 129 013 CHEK ACIP OPER _____ TO _____ |

8-byte ED (YYYYMMDD) START checkage _____ ↑

8-byte ED (YYYYMMDD) STOP checkage _____ ↑

NOTE: There must be a matching paid IDT or AD period in MCTFS.

d. To credit ACIP entitlement which was authorized and not paid. Report as follows:

TTC 127 012 CRED ACIP OPER _____ TO _____ |

8-byte ED (YYYYMMDD) START
credit (from) _____ ↑

8-byte ED (YYYYMMDD) STOP credit (to) _____ ↑

NOTE: The period of entitlement being reported must equal or include dates within a previously reported IDT or AD period and must be concurrent with an existing ACIP remark D946/S946 on MCTFS.

e. Previous ACIP Entitlements. If entitlement for ACIP was rated but not paid for AD or IDT periods which are no longer on MCTFS, manual payment may be requested. Requests for manual payments will be submitted, with all substantiating documents, to the DFAS-KC/FSJV.

90104. OPFLY TIME ACCUMULATION (TTC 457/464/465/466/467).

MCTFSPRIM

1. Any RU may report this statement whenever an aeronautically designated officer is entering a DIFOP duty assignment from a DIFDEN billet, or otherwise should be accumulating OPFLY time but is not. **Discrepancies pertaining to OPFLY time will be referred to the CMC (MMOA) not MISSO for resolution.**

a. Start OPFLY. Upon join to a DIFOP assignment if the officer is coming from a DIFDEN assignment, the following UD statement will be used to restart the OPFLY time clock. **The officer's orders must include the acronym "DIFOP."** The ED will be the day following the officer's transfer from the Marine's last DIFDEN assignment. **The officer must be in receipt of ACIP or the entry will fail.** Report as follows:

TTC 464 000 STRT OPFLY_____

8-byte ED (YYYYMMDD)

↑

b. Stop OPFLY. Upon transfer from a DIFOP assignment if the officer is going to a DIFDEN assignment or after joining a unit in DIFDEN status if the officer continues to accumulate OPFLY Time. The ED will be the day the officer departed the last DIFOP assignment. To stop the OPFLY time clock, report as follows:

TTC 465 000 STOP OPFLY_____

8-byte ED (YYYYMMDD) _____↑

c. The statement shown below will be used to add OPFLY time to the cumulative total when the total time shown is less than the total time the Marine should be credited. This information will be entered into MCTFS by the SMCR unit or the MCRSC (discrepancies will be referred to the CMC (MMOA-2) for resolution).

TTC 466 000 OPFLY ADD _____ YRS _____ MO |

2-byte number of years; ↑ ↑
e.g., 00, 01, etc. If the time
being added is 11 months or
less, report number of
years as 00 _____

2-byte number of months; e.g.,
00, 01, etc. _____

d. To subtract OPFLY time from the cumulative total when the total time shown is more than the total time the Marine should be credited. **Discrepancies will be referred to the CMC (MMA-3) for resolution-not MISSO).**

TTC 466 001 OPFLY SUB____YRS____MO

2-byte number of years;
e.g., 00, 01, etc. If the time
being subtracted is 11 months
or less, report number of
years as 00_____

2-byte number of months; e.g.,
00, 01, etc. _____

2. "GATE" information will be reported by CMC (MMOA), the SMCR unit, or the CG, MCRSC. Accepted entries will subsequently appear monthly on the LES.

<u>TTC/SEQ</u>	<u>ENGLISH STATEMENT</u>	<u>LES STATEMENT</u>

457 004	OPFLY GATE TWO FAIL	GATE 2 F____

NOTE: The last two bytes indicate the year the GATE information was entered into MCTFS. GATE information will normally be entered within 6 months of the Marine accumulating sufficient OPFLY time to pass a specific GATE regardless of whether the Marine has, in fact, reached that GATE. GATE's occur at 12 and 18 years after an aviator's Opfly Base Date (OFBD). Any discrepancies pertaining to GATE information must be referred to the CMC (MMOA-3) for resolution.

90105. OPERATIONAL FLYING GATES (OPFLY GATES)(TTC 457).

An aeronautically-designated officer is entitled to continuous Aviation Career Incentive Pay (ACIP) during the first 12 years of aviation service. Screening points, or gates, have been established at the 12th and 18th years of aviation service. Officers who fail to make the OPFLY Gate are not entitled to continuous ACIP, but are only eligible to receive monthly ACIP while they are actually performing operational flying duty (DIFOP). **OPFLY Time is only accumulated while the officer is assigned DIFOP orders.**

1. 12-Year Gate. An officer must have accumulated at least 6 years of OPFLY Time by the end of the 12th year of aviation service (based on Aviation Service Entry Date (ASED) for entitlement to continuous ACIP until the 18-year gate).

a. Upon completion of screening the record of an officer having exceeded his 12th year of aviation service, will key to continuous ACIP entitlement, if appropriate.

TTC 457 000 OPFLY GATE ONE PASS|

b. If less than 6 years of OPFLY Time has been accumulated by the end of the 12th year of aviation service, the officer is no longer entitled to continuous ACIP. Report as follows:

TTC 457 001 OPFLY GATE ONE FAIL|

2. 18-Year Gate. Upon completion of screening the record of an officer having exceeded his 18th year of aviation service, one of the following UD statements will be used by CMC to post to MCTFS.

a. Aviation officers who have accumulated at least 9 years, but less than 11 years OPFLY Time by the end of the 18th year of aviation service will be entitled to continuous ACIP through 22 years of officer service. Report as follows:

TTC 457 002 OPFLY GATE TWO PASS 09YRS|

b. An officer must have accumulated at least 11 years of OPFLY Time by the end of the 18th year of aviation service for entitlement to continuous ACIP through 25 years of officer service (based on Officer Service Date (OSD)). Report as follows:

TTC 457 003 OPFLY GATE TWO PASS 11YRS|

c. If less than 9 years OPFLY Time has been accumulated by the end of the 18th year of aviation service, the officer is no longer entitled to continuous ACIP. Report as follows:

TTC 457 004 OPFLY GATE TWO FAIL|

Section 2: PROFICIENCY PAY

90200. INTRODUCTION.

1. This Section pertains to Proficiency Pay. Detailed reporting information is indicated in the following paragraphs.

2. Diary input authority is indicated for HQ, Reg or Res. Type Transaction Code (TTC) statements for this section are shown below with the input authority and corrections indicator immediately following the statement.

	REPORTING AUTHORITY	DEL/ ADD	DEL/ ERR
134 000 CRED SDA EXP BILMOS____ TO____	HQ REG	Y	Y
233 013 STRT SDA PAY BILMOS____ ED____	HQ REG	Y	Y
235 000 PROPAY SDA TERM ED____	HQ REG	Y	Y

90201. SPECIAL DUTY ASSIGNMENT PAY (SDA) (TTC 134/233/235).

1. A UD entry is required when SDA pay is awarded or terminated. The UD entry to terminate SDA pay should be used only if the Marine is no longer entitled to SDA pay in any amount.

2. First sergeants and sergeants major assigned to the following RU's and who are qualified and performing the duties of a production recruiter (billet MOS 8411) or drill instructor (billet MOS 8511) will qualify for SDA pay:

- a. Recruit training company/battalion.
- b. MCRSC, prior service recruiting division.
- c. Recruiting stations/districts.

d. Sergeants Major and Sergeants Major (selectees) serving in a Billet MOS of 9999 on recruiting duty or those assigned to Recruit Training Regiments at MCRD-PI or MCRD-SD.

3. SDA pay may be awarded to an eligible enlisted Marine serving in an authorized T/O billet designated as eligible for SDA pay:

ELIGIBLE MOS's	MONTH REMARKS
8411 Recruiter	None. Must be assigned a Billet MOS of 8411/8412
8412 Career Recruiter	None.
8421 Career Planner	None. Must be assigned a Billet MOS of 8421
8511 Drill Instructor	0 to 6 months recruit drill instructor experience
8511 Drill Instructor	Over 6 months recruit drill instructor experience
8151 Marine Security	When assigned with the State Department at an Guard embassy

NOTE: Effective 1 April 1996, All Marine's (including Sergeants Major) assigned to recruiting duty filling 8411/8412 billets (production recruiters) are entitled to receive SDA Level 6 pay. The tiering of SDA pay for production recruiters is eliminated.

4. Personnel assigned to the Joint Communications Unit (JCU) filling authorized T/O billets are eligible for special duty assignment pay per the following criteria.

- a. JCUO/Operational Personnel (Category B):

<u>ELIGIBLE MOS's</u>	<u>MONTH REMARKS</u>
JCUO	0 to 6 months experience
JCUO	7 to 12 months experience

MCTFSPRIM

JCUO Over 12 months experience

b. JCUS/Support Personnel (Category C):

ELIGIBLE MOS's	MONTH REMARKS
JCUS	0 to 6 months experience
JCUS	7 to 12 months experience
JCUS	Over 12 months experience

5. Sergeant Majors at both recruit depots must be in specific platoons in the MCRD HQBN in order to receive the correct rate of pay credited for the MCRD Sergeant Major and the Sergeant Major's of the RTR's as well. The below table breaks out how the depot Sergeant Majors work:

BILLET	DEPOT	RUC	MCC	PLT	RATE CODE
Depot SgtMaj	Sdiego	34001	017	HCMD	P2
				SRT1	P3
	P132001	016	CSX1	P2	
RTR SgtMaj	P1	32001	016	SHRA	P3
BnRTR SgtMaj	Sdiego	34001/ 34020	017	any other*	P4
	P1	32001	016	any other*	P4

* Can't be used for RTR or Depot SgtMaj.

6. Erroneous SDA pay information can be corrected by terminating the erroneous entitlement as of the date the original entitlement was reported by using a "DEL AS ERR" statement. The correct entitlement will then be reported, if appropriate.

7. Report SDA pay for members serving in BILMOS 8411, 8412, 8511, 8421, JCUO, or JCUS. MCTFS will automatically credit progressive increases in SDA pay. For those members who previously served in BILMOS's 8411, 8412 or 8511, MCTFS will automatically start SDA pay at the higher rate (except 8412s). Report as follows:

TTC 233 013 STRT SDA PAY BILMOS____ED____|

4-byte BILMOS ↑ ↑

8-byte ED (YYYYMMDD) ↑

NOTE: Processing of the UD statement reporting transfer will terminate SDA pay.

8. For members with prior experience serving in BILMOS 8411, 8412, or 8511, and not credited SDA pay at the prior experience level, use the following statement to establish the member's prior experience history:

TTC 134 000 CRED SDA EXP BILMOS____TO____|

4-byte BILMOS ↑ ↑ ↑

8-byte ED (YYYYMMDD) FROM ↑

8-byte ED (YYYYMMDD) TO ↑

NOTE: If the Marine has previous experience in BILMOS 8411, 8412, or 8511 the entry must be reported prior to reporting STRT SDA PAY. Failure to report entry prior to STRT SDA PAY will cause the Marine to receive SDA pay at the lower level.

MCTFSPRIM

9. Use the following statement to terminate SDA pay when a member is no longer entitled to SDA pay in any amount:

TTC 235 000 PROPAY SDA TERM ED_____ |

8-byte ED (YYYYMMDD) _____ ↑

90301. FAMILY SEPARATION ALLOWANCE (FSA) (TTC 189/190 397/398).

1. There are two types of Family Separation Allowances which are payable only to Marines with dependents -- FSH (formerly know as FSA-I) and FSA-II (commonly know as FSA-R, FSA-T, and FSA-S depending on whether the separation was Restricted, Temporary, or on Ship). The DODFMR chapter 27 contains detailed instructions concerning entitlement to FSA. Please note that the Marine Corps does not PAY FSH at this time. FSH is an allowance to assist with the cost of housing expenses in an overseas area. The Marine Corps provides this compensation in the form of Overseas Housing Allowance.

NOTE: A spouse on AD in a branch of the U.S. Armed forces and entitled to Basic pay is NOT a dependent for FSA purposes. See DoDFMR, Chapter 27, for entitlement to FSA for member married to member couples with no other dependents.

2. The purpose for FSA TYPE-I (FSH) is to pay the Marine for added housing expenses caused by enforced separation from dependents. The amount of FSH payable is the BAH PDS locality without dependent rate for the Marine's grade and PDS location within the United States or the OHA PDS without dependent rate for the Marine's grade and PDS location outside the United States. It is payable to Marines with dependents who are on permanent duty at a location where:

a. The movement of the member's dependents is not authorized at the expense of the government;

b. The Marine's dependents do not live at or near the location;

c. Government quarters are not available for assignment to the Marine. Use the appropriate BAH or OHA statements to start and stop FSH. See Chapter 8 for BAH and OHA reporting procedures.

NOTE: Upon reporting a transfer (TTC's 359 and 364-368), all types of FSA will automatically terminate.

4. FSA provides compensation for added expenses incurred because of enforced family separation due to the Marine's assignment to any of the following:

MCTFSPRIM

a. Restricted duty station where transportation of dependents is not authorized at Government expense and dependents do not reside at or near the duty station (FSA-R), to include Marines who gain their dependents after joining the command and their dependents do not reside near the PDS. This includes Active Duty Special Works orders over 140 days who PCS without Marines on a household goods move.

b. FSA-S may not be started or credited until the Marine has been on duty onboard a ship away from the homeport (of the ship) for a continuous period of more than 30 days. Refer to the DoDFMR for computation of periods of more than 30 days.

c. TAD/TDY away from the PDS, including deployments and Active Duty Special Work (under 140 days), continuously for more than 30 days, and dependents do not reside at or near the TAD/TDY station (FSA-T). (FSA-T may not be started or credited until the Marine has been TAD/TDY continuously for more than 30 days. The ED to stop FSA-T is the day prior to the actual or constructive date of return. Refer to the DoDFMR, for computation rules for constructive dates and for periods of more than 30 days.)

d. FSA is payable both inside and outside the United States. It is not payable to Marines performing duty at any station under permissive orders, except when the Marine is voluntarily reassigned PCS overseas under permanent orders from a station overseas where the Marine is already entitled to FSA. If all other requirements continue to be met then FSA remains payable. Report as follows:

TTC 189 001	STRT FSAR ED_____
TTC 189 002	STRT FSAS ED_____
TTC 189 003	STRT FSAT ED_____

8-byte ED (YYYYMMDD) of FSA entitlement

NOTE: When the Marine's dependents visit or reside at or near the Marine's duty station (PCS not involved and the dependents travel at the Marine's expense), the Marine's entitled to FSA as specified in the DoDFMR.

e. Use the following statements to STOP FSA:

TTC 190 001	STOP FSAR ED_____
TTC 190 002	STOP FSAR ED_____
TTC 190 003	STOP FSAS ED_____

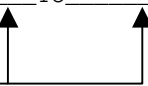

8-byte ED (YYYYMMDD) termination
of FSA entitlement

5. Temporary visits by a Marine's dependents may affect entitlement to FSH/FSA. Specific conditions for entitlement during temporary social visits are in the DoDFMR. When required, use the following statements to credit or check FSH and FSA entitlement.

TTC 397 001	CRED FSAR_____TO_____
TTC 397 002	CRED FSAS_____TO_____
TTC 397 003	CRED FSAT_____TO_____

8-byte ED (YYYYMMDD)
beginning and ending of credit

NOTE: Considering authorized travel time after completion of a period of TAD is unknown and the transferring unit cannot report the actual ED that FSA entitlement should stop, the transferring unit should report termination as of the date of detachment. The gaining

MCTFSPRIM

command should then report a credit for the authorized travel time. This will avoid overpayment and subsequent recoupment of funds.

TTC 398 001	CHEK FSAR_____TO_____
TTC 398 002	CHEK FSAS_____TO_____
TTC 398 003	CHEK FSAT_____TO_____

8-byte ED (YYYYMMDD)
beginning and ending
of checkage_____

NOTE: Refer to DoDFMR, for detailed instructions concerning beginning and ending dates for credit and checkage periods.

6. A Marine married to a member of the U.S. Armed Forces entitled to basic pay may be entitled to FSA if they have a child that either parent may claim for BAH purposes. One parent may claim the child for BAH and the other may claim the child for FSA. FSA may alternate between parents for the same dependent. When a member is married to another member with dependent children and they are separated by military orders, then one member is entitled to FSA due to the separation of that member from the dependent child(ren). A member married to another member with dependent children incurs the same types of miscellaneous expenses involved in running a split household as a member married to a non-member. Therefore, the entitlement to FSA is warranted.

7. Effective 23 September 1996, a couple comprised of a member married to another member with no other dependents is entitled to FSA under the same general conditions as members with non-active duty dependents, provided the couple was residing together immediately before being separated by reason of execution of military orders. See DoDFMR, Chapter 27 for entitlement criteria.

MCTFSPRIM

Section 4: PERSONAL MONEY ALLOWANCE

90400. INTRODUCTION.

1. The different categories of this Section are those items that pertain Personal Money Allowance special pay. Detailed reporting information is indicated in the following paragraphs.

2. Diary input authority is indicated for HQ, Reg or Res. Type Transaction Code (TTC) statements for this section are shown below with the input authority and corrections indicator immediately following the statement.

	REPORTING AUTHORITY	DEL/ ADD	DEL/ ERR
128 003 SPL PAY NONE	HQ RES	N	N
128 004 SPL PAY OFF 4 YRS ENL SERV	HQ REG RES	N	N
128 006 SPL PAY APPT CMC ED_____	HQ REG	N	N
128 007 SPL PAY FORMER CMC ED_____	HQ REG	N	N
128 008 SPL PAY SGTMAJ USMC ED_____	HQ REG	N	N
128 009 SPL PAY FORMER SGTMAJ USMC ED_____	HQ REG	N	N
128 011 SPL PAY NONE	HQ REG	N	N

90401. SPECIAL PAY (TTC 128).

The CMC and the SGTMAJ USMC are entitled to a special rate of pay. Entitlement shall be reported on the UD submitted for the date the designated duty is assumed.

TTC 128 006 SPL PAY APPT CMC ED_____|

TTC 128 008 SPL PAY SGTMAJ USMC ED_____|

8-byte ED (YYYYMMDD) duty is assumed _____↑

5. Termination of the special rate of pay for the CMC and the SGTMAJ USMC must be reported on the UD submitted for the date the designated duty is terminated. Since a special rate of pay will be applicable to retired pay also, status as a former CMC or former SGTMAJ USMC must be reported with one of the following statements:

TTC 128 007 SPL PAY FORMER CMC ED_____|

TTC 128 009 SPL PAY FORMER SGTMAJ USMC ED_____|

8-byte ED (YYYYMMDD) duty is terminated _____↑

6. Effective 1 October 1983 commissioned officers in pay grade O-1, O-2, or O-3 are entitled to a special rate of pay for that grade if the officer has a combined total of over 4 years active service as a WO and enlisted member. In computing this active WO and enlisted service, include AD for training in a WO and enlisted status. This special pay code will be reflected in block 6 of the LES as either O1E, O2E, or O3E. This information must be reported on the UD as part of the entry that reports the acceptance of appointment. If this information is found to be missing subsequent to acceptance, the RU will enter the correct data using the following statement:

TTC 128 004 SPL PAY OFF 4 YRS ENL SERV|

7. When a special pay code is found to be erroneous, use the following statement to delete the erroneous code from the MCTFS [OFFICERS ONLY]:

TTC 128 003 SPL PAY NONE| (Reserve)

TTC 128 011 SPL PAY NONE| (Regular)

MCTFSPRIM

Section 5: DIVING DUTY

90500. INTRODUCTION.

1. The different categories of this Section are those items that pertain to Diving Duty Pay. Detailed reporting information is indicated in the following paragraphs.

2. Diary input authority is indicated for HQ, Reg or Res. Type Transaction Code (TTC) statements for this section are shown below with the input authority and corrections indicator immediately following the statement.

	REPORTING AUTHORITY	DEL/ ADD	DEL/ ERR
144 001 CRED DVNG DU PAY__TO__	RES	Y	Y
144 002 STRT DVNG DU PAY QUAL LAPSE_____ED_____	HQ REG RES	Y	Y
144 003 STRT DVNG DU PAY STUDENT QAL LAPSE_____ED_____	HQ RES	Y	Y
145 000 CHEK DVNG DU PAY__TO__	RES	Y	Y
145 001 STOP DVNG DU PAY ED_____	HQ REG	Y	Y
148 000 NEW DVNG QUAL LAPSE_____	HQ REG RES	Y	Y

90501. DIVING DUTY PAY (TTC 144/145/148).

1. Diving duty pay is a special pay authorized to qualified officers and enlisted personnel who are designated as divers by proper authority. This pay is authorized only when personnel are assigned to and performing diving duty. The DoDFMR, contains instructions and information regarding entitlement to diving duty pay.

2. To start diving duty pay, the entry must also include the date the Marine's diving qualifications lapse. The lapse date is 6 months after the qualification date. For **EXAMPLE:** a Marine qualifies as a diver on 19980131, lapse date would be 19980730. Report as follows:

TTC 144 002 STRT DVNG DU PAY QUAL LAPSE_____ED_____|

8-byte ED (YYYYMMDD) diving qualifications lapse ↗

8-byte ED (YYYYMMDD) _____ ↗

3. Entitlement to diving duty pay terminates upon detachment from the permanent duty station or removal from diving duty. When reporting termination of diving duty pay, the date of detachment and/or the date diving duty orders are terminated is the ED. Report as follows:

TTC 145 001 STOP DVNG DU PAY ED_____|

8-byte ED (YYYYMMDD) _____ ↗

4. Provided the qualification lapse date has not expired, report the temporary stoppage per the following:

a. On the 31st day after personnel enter into one of the following situations:

- (1) Hospitalized not as a result of a diving accident.
- (2) On leave in a pay status.
- (3) On TAD for purposes other than diving duty.

b. On the 91st day after the Marine is hospitalized as the result of a diving accident.

c. On the date that a Marine is confined awaiting trial by court-martial and/or serving sentence of court-martial.

MCTFSPRIM

5. If a Marine does not re-qualify before the lapse date, diving duty pay will be terminated automatically on the lapse date. No UD entry is required.

6. If a Marine re-qualifies before the diving qualification lapse, the new lapse date will be 6 months after the old lapse date, regardless of the re-qualification date. For **EXAMPLE**: a Marine qualified as a diver on **19990130** and had a lapse date of **19990729** re-qualifies on **20000710** the new lapse date would be **20000129**. Use the following statement to report the lapse date:

TTC 148 000 NEW DVNG QUAL LAPSE_____ |
 8-byte ED (YYYYMMDD) ↑

7. When a Marine re-qualifies after the lapse date and is again assigned to diving duty, a start of diving duty pay must be reported.

8. First sergeants and sergeants major assigned to the following units participating in diving duty indicated by an accompanying additional MOS may qualify for diving duty pay:

- a. Reconnaissance battalion.
- b. Force reconnaissance company.
- c. ANGLICO.
- d. Air delivery platoon.
- e. I-I staff ANGLICO/air delivery platoon/reconnaissance battalion/force reconnaissance company.

9. The qualifying MOS's are as follows:

8653 RECON MAN, SCUBA QUALIFIED
 8654 RECON MAN, PARACHUTE AND SCUBA QUALIFIED
 9952 SCUBA MARINE (OFFICER/ENLISTED)
 9953 PARACHUTIST/SCUBA & UBA MARINE (OFFICER/ENLISTED)

10. Effective 1 October 1999, diving duty pay for officer/enlisted Marine is \$150. Entitlement begins when a member makes his/her first dive. The lapse date for students is the anticipated school completion date. Use the following statement to report diving duty pay for officer/enlisted members while undergoing training:

TTC 144 003 STRT DIVING DU PAY STUDENT QUAL LAPSE_____ ED_____ |
 8-byte ED (YYYYMMDD) student qualifications lapse ↑ ↑
 8-byte ED (YYYYMMDD) _____

11. After diving duty training is completed and upon assignment to a diving duty billet, officers are entitled to \$240 per month and enlisted members are entitled to \$175 per month. Termination of student diving duty pay must be reported on the UD using TTC 145 001. To effect regular diving duty pay rates, a start diving duty pay must be reported.

12. A UD entry is required to credit diving duty pay to reservists who perform AD for 30 days or less or IDT on or after 1 April 1988 and are entitled to diving duty pay. Use the following statement to report a credit of diving duty pay:

MCTFSPRIM

TTC 144 001 CRED DVNG DU PAY_____TO_____|
8-byte ED (YYYYMMDD) inclusive ↑ ↑
of entitlement_____

The period of entitlement reported must equal or include dates within a previously or concurrently reported AD or IDT period. Additionally the DVNG DU PAY QUAL LAPSE date must be current to report the credit.

13. When a period of diving duty pay has been credited but the entitlement does not exist for the entire period or the period is different from that previously credited, use the DELETE AS ERR or DELETE/ADD correction procedure. When a reservist received a credit of diving duty pay for an IDT that was not performed, or for a period of AD during which the diving duty pay entitlement did not exist for the entire period, a retroactive checkage of diving duty pay must be reported using the following statement:

TTC 145 000 CHEK DVNG DU PAY_____TO_____|
8-byte ED (YYYYMMDD) inclusive ↑ ↑
of erroneous credit_____

MCTFSPRIM

Section 6: CAREER SEA DUTY

90600. INTRODUCTION

1. The different categories of this Section are those items that pertain to Career Sea Duty Pay. Detailed reporting information is indicated in the following paragraphs.

2. Diary input authority is indicated for HQ, Reg or Res. Type Transaction Codes (TTC) statements for this section are shown below with the input authority and corrections indicator immediately following the statement.

	REPORTING AUTHORITY	DEL/ ADD	DEL/ ERR
139 001 CHAN CARSEA DU(____)_____	HQ REG	N	Y
147 000 CRED CARSEA DU____TO____	HQ REG	Y	Y
173 000 STOP CARSEA DU	HQ REG	Y	Y
188 000 CARSEA DU YR____MO____DA____	HQ REG	N	N

90601. CAREER SEA PAY (TTC 147/173/188/139)(ACTIVE DUTY ONLY).

1. Career sea pay is special pay which is payable to Marines in certain pay grades upon permanent or temporary assignment to sea duty. Career sea pay rates are based on the amount of sea duty accumulated by the Marine.

a. Under the requirements of the DoDFMR, a Marine that is onboard ship for the purpose of transportation as a passenger is not entitled to career sea pay. "Transportation as a passenger" is defined as Marines who are embarked aboard ship:

- (1) on leave,
- (2) on permissive TAD,
- (3) on individual or unit overseas rotational assignment,
- (4) or being transported while confined as a result of court-martial sentence.

b. The following are considered to be sea duty assignments:

- (1) Flag Allowance, Commander, 7th Fleet.
- (2) Flag Allowance, Commander, 6th Fleet.
- (3) Fleet Marine Officer, Commander, 2d Fleet.
- (4) Flag Allowance, COMPHIBGRU 2.
- (5) Flag Allowance, COMPHIBGRU 1.
- (6) Flag Allowance, COMMIDEASTFOR.
- (7) Officer Allowances, all TACRON Units.
- (8) All Assistant Air Operations Officers, LPH/LPA.
- (9) All Combat Cargo Officers, NCO's, Assistants.
- (10) Nucleus Landing Force Staff (LHA's).
- (11) Permanent Landing Force Staff.
- (12) Communications Detachments (LCC's).

MCTFSPRIM

(13) All Marine Detachments (carriers, cruisers, and subteners).

(14) Marines Assigned to the HQ, Marine Expeditionary Brigade (MEB) who are performing a tour of duty and serving aboard ship.

2. Marines assigned to the Fleet Marine Force (FMF), who participate in an FMF deployment overseas/FMF operation or FMF field exercise that may or may not involve a movement aboard amphibious shipping, are eligible for the accumulation of deployed time and adjustment of their overseas control date. Deployments that earn eligibility for accumulated deployed time should receive cumulative credit for sea duty service when the FMF deployment, operation, or field exercise involves embarkation aboard a U.S. Navy vessel.

3. Career sea pay is composed of two elements, history and pay, which are computed on a 30-day month. This paragraph contains the UD reporting requirements for career sea duty history and career sea duty pay. The following definitions are provided for the terms and phrases used in this paragraph:

a. Sea time is the inclusive "from" and "to" dates of each period of career sea duty contained in the MCTFS Career Sea History record.

b. Net sea time (YYYYMMDD) is computer-generated and posted in the MCTFS **history** record. It is the total years, months, and days of each sea time period reduced by a day-for-day reduction for all time lost occurring during each period.

c. Total sea service (YYYYMMDD) is computer-generated and established in the MCTFS career sea pay record as the total sum of all sea duty periods minus the number of days time lost which occurred during each sea duty period.

4. Total sea service governs the rate of entitlement to career sea pay per the DoDFMR. The processing of UD entries that add, delete, or change sea time periods automatically adjust total net sea time. If total sea service needs adjustment, use the following statement to correct total sea service:

TTC 188 000	_____ CARSEA	DU	YR_____	MO_____	DA_____
8-byte DOA (YYYYMMDD) _____	↑		↑	↑	↑
<p>(last day of preceding month; for example, if sea duty ended on 19980520 report 19980430 as the DOA). The entry must include total sea service accumulated through the day sea duty ended and post prior to U&E cutoff for the current month. (See MCBul in the 7220 series for U&E dates.)</p>					
<p>2-byte number of years, months, and days of accumulated sea service_____</p>					

5. When used to correct or update sea service information, the entry cannot be reported between the 1st and 5th of any given month due to the Update and Extract (U&E) process which will cause the information to fail. The correct information will be reported after the 5th of any given month that will enable it to process and update the member's record.

a. To compute total sea service for a Marine:

(1) List all beginning dates of each sea duty period.

(2) List all ending dates of each sea duty period. Change the ending date to 30 if it is the last day of the month and it is other than 30.

(3) Add all beginning dates.

(4) Add all ending dates.

MCTFSPRIM

(5) Subtract the total beginning dates from the total ending dates. If more months are needed, deduct 1 or more years from the total ending years and add 12 months for each year deducted. If more days are needed, deduct 1 or more months and add 30 days for each month deducted.

(6) Add 1 day for each sea duty period to account for inclusive dates.

b. For **EXAMPLE**, a Marine was on sea duty:

	<u>FROM:</u>	<u>TO:</u>	
	19840814	19850321	
	19871013	19881206	
	19890717	19900230	(Changed from 19900228)
	19921221	19930518	
Total:	302 37 65	Total: 306 22 75	(2 years changed to 24 months)
		-302 37 65	
		02 09 10	
		+ 04	(Inclusive dates)
		02 09 14	(Total Sea Service)

6. The processing of UD statements reporting UA and time lost will automatically suspend career sea pay and the accumulation of sea duty time for the period involved in the MCTFS history and pay records. (See above paragraph for conditions requiring that start/stop sea duty entries be reported.)

7. The DoDFMR, establishes the criteria for entitlement to career sea pay. UD entries reporting the career sea pay entitlement vary, depending on the length of the sea duty assignment.

a. You must report **all** sea duty periods on **all** AD Marines. Although some Marines on sea duty are not entitled to career sea pay because of their grade, they are entitled to the accumulation of sea duty time. If a Marine becomes entitled to career sea duty pay after the STRT CARSEA DU entry is reported or during a period of the CRED CARSEA DU entry, career sea pay will automatically start. Also, career sea pay will automatically stop, and sea duty time will continue to accumulate when a Marine receiving career sea pay is reduced to a grade for which there is no entitlement to career sea pay.

b. A member may not receive both career sea pay and foreign duty pay for the same period, DoDFMR. Report the career sea date as the date of embarkation/debarkation on all enlisted, Cpl and above. Reporting of foreign duty would be required to be reported on the day after career sea pay was terminated or stopped the day prior to starting career sea pay entitlement.

c. Use the following statement to report periods of sea duty of 30 days or less upon completion of the sea duty assignment:

TTC 147 000 CRED CARSEA DU_____TO_____

8-byte ED (YYYYMMDD) reported onboard the vessel, ED of embarkation on Marines TAD onboard the vessel, or ED the vessel is at sea or a port 50 miles away from homeport_____

8-byte ED (YYYYMMDD) detached from the vessel, ED of embarkation for Marines TAD onboard the vessel, or ED the vessel returns to homeport_____

Vessel name (maximum of 20 A/N characters)_____

MCTFSPRIM

d. **For sea duty assignments of 1 day, the date of embarkation and debarkation will be the same.** The CHAN CARSEA DU and stop UD entries will be reported for sea duty periods of 31 days or more and when sea duty is interrupted by TAD/TDY or hospitalization ashore. Accumulation of sea duty time continues during the first 30 days a Marine is TAD, TDY, or hospitalized ashore, **regardless of whether the Marine is entitled to career sea pay.** Career sea pay, if entitlement exists, also continues during the first 30 days in such status. (See DoDFMR). Additionally, transfer within the same MCC from one vessel to another must be reported by CHAN CARSEA DU/stop UD entries to update the vessel name in the MCTFS history record. When the only restriction to career sea pay is a Marine's rank and or time in service, yet is eligible to accumulate career sea time, report the CHAN CARSEA DU entry using an indicator 'Y'. Upon attaining required rank/time in service the system will automatically generate career sea pay entitlement. When transferring within MCC from one vessel, CHAN CARSEA DU on the date of join aboard the new vessel.

- (1) Use the following statement to start career sea pay upon assignment to sea duty:

```
TTC 139 001          CHAN CARSEA DU(____)_____|
                                     ^           ^
Y = Starts career sea pay and      |           |

from vessel or date of
debarkation of Marines TAD
or TDY onboard the vessel _____
```

MCTFSPRIM

Section 7: HOSTILE FIRE PAY

90700. INTRODUCTION.

1. This Section pertains to Hostile Fire Pay. Detailed reporting information is indicated in the following paragraphs.

2. Diary input authority is indicated for HQ, Reg or Res. Type Transaction Code (TTC) statements for this section are shown below with the input authority and corrections indicator immediately following the statement.

	REPORTING AUTHORITY	DEL/ ADD	DEL/ ERR
236 001 CHEK HFP____TO____	HQ REG	Y	Y
293 001 STRT HFP____EFF____	HQ REG	Y	Y
294 001 STOP HFP____EFF____	HQ REG	Y	Y
297 001 CR HFP____TO____	HQ REG	Y	Y

90701. HOSTILE FIRE (HFP)/IMMINENT DANGER PAY (TTC 236/293/294/297).

1. This paragraph prescribes the methods for reporting entitlement and non-entitlement to HFP. DoDFMR, contains complete instructions relative to the regulatory conditions of entitlement to HFP. The UD is used to report all conditions of accrual or nonaccrual of HFP. Table 9-17 contains the prescribed entries to be used on the UD and should be used in conjunction with Table 1-10-1, DoDFMR.

2. Active Duty entitlement is determined by the Marine's presence in a designated hostile fire or imminent danger area or participation in a hostile encounter. These areas are designated by the DoD and the Marine qualifies for HFP by meeting certain conditions as outlined in the DoDFMR. There are three basic categories of entitlement:

a. Permanent assignment to a hostile fire or imminent danger area with a continuing entitlement of HFP.

b. Temporary or intermittent assignments and hospitalization with entitlement on a one-time basis.

c. Actual participation in a hostile encounter, or death, injury, or hospitalization resulting from hostile fire, whether or not in a designated area.

3. The data element "country code" is a two-character A/N code for the countries of the world as listed in MCO P1080.20. Unit Commander's will report the country code for the country where the Marine earned the HFP entitlement. A country code of 'ZZ' will be used to designate a classified location (when the actual country code cannot be revealed for security reasons).

4. Reservists performing AD for 30 days or less in a designated hostile fire area are entitled to special pay for duty subject to hostile fire.

a. HFP will be reported retroactively. To credit or check a Reserve Marine HFP, a NAVMC 11200, Reserve Miscellaneous Pay Order will be prepared and forwarded to the DFAS-KC/FBPPB.

b. The NAVMC 11200 will show the period the member is to be credited or checked HFP. The period reported must equal or include dates within a previous AD period. Report the dates of actual entitlement per the DoDFMR.

90801. HARDSHIP DUTY PAY-LOCATION (TTC 125/136/175)

1. Significant changes have been made to Hardship Duty Pay (HDP) (previously known as Foreign Duty Pay). HDP, which will be reportable until Dec. 31, 2001, is special pay in the amount of \$8 to \$22.50 per month, payable to enlisted Marines only. It is scheduled to be replaced by Hardship Duty Pay-Location (HDP-L), which is payable to all Marines, reserve and active duty, both officer and enlisted, at a rate of \$50, \$100, or \$150 per month depending upon geographic location. The Assistant Secretary of Defense for Force Manpower Policy designates the locations that qualify for HDP-L under Title 37, USC. Geographic tables and rates of HDP-L are updated by DFAS. Instructions concerning entitlement conditions are contained in the DoDFMR.

2. There are approximately 19 locations worldwide previously designated for HDP that will not be designated for the new HDP-L. These locations will have a transition/extension period under the old HDP rates and rules until Dec. 31, 2001. During the extension period, newly arriving personnel to these areas will be eligible for the old HDP. **Personnel officers will not take action on those Marines who were in receipt of the old HDP on Dec. 31, 2000.** These individuals will continue to receive HDP at the old rate until they PCS or until their location is authorized a new HDP-L rate. However, based on the fact that these locations will have a transition/extension period until Dec. 31, 2001, any Marine who reports to the location during calendar year 2001 should have the old HDP reported. This will be accomplished using TTC 136 000. For those Marines reporting to these locations on or after Jan. 1, 2002, there is no entitlement to the old HDP. After Dec. 31, 2001, those already in country will be grandfathered and TTC 136 001 should be reported on all new arrivals even if the HDP-L amount is \$0 at that time. This will automatically adjust the Marine's HDP-L amount if, at a later date, it is adjusted upward.

3. A Marine on permanent reassignment to the area is eligible for HDP-L at the established rate for the location from the day of arrival at the new permanent duty station. A Marine performing temporary duty in a designated area is **NOT** eligible for HDP-L during the first thirty days of consecutive service at a designated location. However, on the 31st day, HDP-L is payable to the member retroactively to the date of reporting for duty at the location. Members on duty in a designated area who leave the area for a temporary period of more than 30 consecutive days (regardless of reason) will have HDP-L terminated on the 31st day. HDP-L is subsequently restarted when the member is again assigned and performing duty in that same or another designated area (payable on the same basis as upon initial assignment in the area on a permanent or temporary basis). Entitlement to HDP-L upon permanent reassignment from the designated location will terminate the day the member departs the station (specific entitlement stop dates are specified in Chapter 17 of the DoDFMR, Volume 7a).

MCTFSPRIM

4. Termination of HDP is reported as part of the UD statement; for example, reporting transfer, TAD, or appellate leave. It will require a TO and FROM entry when the Marine who is entitled to hardship duty pay enters into a status where entitlement temporarily ceases; for example, confinement or TAD. With the exception of appellate and administrative leave, TO and FROM entries will not be reported when the Marine who is entitled to HDP enters into a leave status. Any required checkage will be automatically generated when the ON LV statement is reported and processed.

- a. Use the following statement to start hardship duty pay (**HDP**):

```
TTC 136 000      TO HDP ED_____|
                  8-byte ED (YYYYMMDD) _____↑
```

- b. Use the following statement to stop hardship duty pay (**HDP**):

```
TTC 175 000      FR HDP ED_____|
                  8-byte ED (YYYYMMDD) _____↑
```

NOTE: A member may not receive both hardship duty pay and career sea pay for the same period, per the DoDFMR. To start HDP, report TO HDP, with an ED of the day after the day career sea pay was terminated. To stop HDP, report FR HDP the day prior to the day career sea pay is to start.

- c. Use the following statement to retroactively credit a Marine's hardship duty pay (**HDP**):

```
TTC 125 004      CRED HDP_____TO_____|
                  8-byte ED (YYYYMMDD) START  _____↑
                  8-byte ED (YYYYMMDD) STOP   _____↑
```

NOTE 1: The period of entitlement being reported must equal or include dates previously or concurrently reported for that AD period.

- d. To check hardship duty pay (**HDP**) previously credited in error:

```
TTC 125 001      CHEK HDP_____TO_____|
                  8-byte ED (YYYYMMDD) _____↑
                  inclusive of checkage
```

5. Report Hardship Duty Pay-Location (**HDP-L**) as follows:

- a. To start HDP-L:

```
TTC 136 001      STRT HDP-L _____ED_____|
                  9-byte country code_____↑
                  (refer to DFAS msg 261503Z Dec 00,
                  labeled PAAN 73-00 and RPAAN 42-00)
                  8-byte effective date (YYYYMMDD) _____↑
```

MCTFSPRIM

b. To stop **HDP-L**:

TTC 175 001 STOP HDP-L ED _____|
8-byte ED (YYYYMMDD) _____↑

6. Termination of HDP-L is reported as part of the UD statement; for example, reporting transfer, TAD, or appellate leave. It will require a START and STOP entry when the Marine who is entitled to HDP-L enters into a status where entitlement temporarily ceases; for example, confinement or TAD. With the exception of appellate and administrative leave, START and STOP entries will not be reported when the Marine who is entitled to HDP-L enters into a leave status. Any required checkage will be automatically generated when the ON LV statement is reported and processed.

7. Credits and checkages must be dated greater than Jan. 1, 2001, or they will not process. In those instances where it is necessary to go back prior to Jan. 1, 2001, to effect a credit or checkage, utilize the TTC that was in place at that time. Report as follows:

c. To credit **HDP-L**:

TTC 125 003 CRED HDP-L_____TO_____LOC_____|
8-byte dates (YYYYMMDD) _____↑ ↑

d. To check **HDP-L**:

TTC 125 002 CHEK HDP-L_____TO_____|
8-byte dates (YYYYMMDD) _____↑ ↑

EXAMPLE: If it is determined that an individual should be checked HDP for the period of 20001226 - 20010109 (i.e., a member may have been TAD away from the HDP-L area in excess of 30 days) report the following entries:

TTC 125 001 CHEK HDP 20001226 TO 20001231

TTC 125 002 CHEK HDP-L 20010101 TO 20010109

R U L E	A	B	C	D
	When an enlisted Marine	And	the UD entry is	TTC
10	Terminates TAD excess at an HDP-L duty station and returns to a non-designated area		STOP HDP-L ED_____ (NOTES 1, 3)	175 001
11	Is TAD non-excess at a designated HDP-L area from a non-designated area	the TAD is for a continuous period of 30 days or longer, including the date of arrival and date of departure	CRED HDP-L____TO_____ (NOTES 1, 9)	125 003
12	Has been erroneously paid HDP-L	rates checkage	CHEK HDP-L____TO_____ (NOTE 1)	125 002

NOTE 1: This table does not apply to HDP. Please refer to Section 8 for reporting information pertaining to HDP.

NOTE 2: Starts on day of arrival for duty or if already at place designated a hardship duty area, the pay starts on the date of designation.

NOTE 3: Continues through date of departure.

NOTE 4: Stop on 31st day and start on date of return.

NOTE 5: Stop on day before date of confinement.

NOTE 6: Accrues retroactive to first day of confinement.

NOTE 7: Start on date of release from confinement.

NOTE 8: Start from date of reporting to the ship. When a ship's homeport is first assigned or changed, HDP-L accrues from the date of the ship's arrival at the homeport which qualifies the Marine to HDP-L, and terminates on the date of the ship's departure for a new homeport. Continuation and termination of HDP-L under this rule is otherwise subject to the conditions of entitlement in Rules 3-8, above.

NOTE 9: HDP-L for TAD nonexcess is reported by the Marine's parent unit after the TAD is completed.

MCTFSPRIM

Section 9: FOREIGN LANGUAGE

90900. INTRODUCTION

1. The different categories of this Section are those items that pertain to Foreign Language Pay. Detailed reporting information is indicated in the following paragraphs.

Diary input authority is indicated for HQ, Reg or Res. Type Transaction Codes (TTC) statements for this section are shown below with the input authority and corrections indicator immediately following the statement.

90901. FOREIGN LANGUAGE PROFICIENCY PAY (FLPP).

1. Entitlement to FLPP is generated by the processing of Foreign Language Proficiency Scores (FLP's), input by the Testing Centers or CMC (MP-50). Marines must also be in a primary MOS in occupation fields 26 (less 2600) or, 02 (less 0200) or maintain an additional MOS of 0204, 0210, 0250, 2643, 8611, or 9940 through 9949. The CMC (IOP) is to be notified if a Marine's FLPP does not commence after the normal processing of FLP's. FLPP is only payable to Marines who have a skill level of 2/2 or above in a language designated by MCO 7220.52 and who are in FLPP eligible MOS's. Report as follows:

MCTFSPRIM

2. Marines who claim proficiency in some foreign languages may have that documented in MCTFS without taking a Foreign Language Proficiency test. Refer to paragraph below for guidance in UD reporting of Self Professed Language Skills.

90902. SELF PROFESSED LANGUAGE SKILLS (TTC 206)

1. Marines who claim proficiency in some foreign languages may have that documented in MCTFS without taking a Foreign Language Proficiency Test. Self professed Language skills do not entitle the Marine to Foreign Language Proficiency Pay (FLPP). A maximum of four self-professed language codes may be displayed in the Marine's service record. If a fifth self professed language is reported, it will overlay the first self professed language in the record

3. Use the following statement to report a self professed Language Skill code contained in MCO P1080.20.

```
TTC 206 005      SP LANG_____SOURCE_____ED_____|
2-byte Foreign Language code from MCO P1080.20  _____|
1-byte source code from below _____|
8-byte ED (YYYYMMDD) _____|
```

Foreign Language Source Codes

A - Civilian school course
 B - Defense Language Institute
 C - Foreign residence
 D - Home environment
 E - Military school other than the Defense Language Institute
 F - Self-study
 X - Other
 Z - Unknown

4. To delete a Self Professed Language Skill Code report as follows:

```
TTC 207 005      SP LANG DELETE_____|
2-byte Foreign Language code from MCO P1080.20 _____|
```

5. The following foreign languages **may not** be reported in MCTFS as Self-Professed Languages. Proficiency in these languages must be verified through a Foreign Language Proficiency Test and entered by CMC (MP-50).

ALBANIAN	AB	GREEK	GR	PORTUGUESE BRAZILIAN	PQ

NOTE: If the date recorded in the unit's records is shown as year and month only, then report the day as 01, for example, 19980801. In all other cases report the full date of the test.

90905. DEFENSE LANGUAGE PROFICIENCY TEST III (DLPT III)

1. The DLPT III is administered to determine proficiency in a specific foreign language. Headquarters only can make authorized changes.

2. Use the following statement to report DLPT III scores:

TTC 206 003 DLPT3 LIS READ SPEAK SOURCE EFF | (MA)

1-byte Alpha test form ID (must be A, B, C, D, W, X, Y, OR Z) ↑

2-byte A/N Foreign Language code ↑

2-byte A/N listening skill level ↑

2-byte A/N reading skill level ↑

2-byte A/N speaking level ↑

1-byte source code ↑

8-byte ED (YYYYMMDD) of test ↑

3. The following statement will be used to delete DLPT III scores:

```

TTC 207 003          _____TYPE DLPT3_____DELETE_____
                        ^           ^           ^
8-byte ED (YYYYMMDD)  _____
1-byte Alpha Test Form ID (must be
A, B, C, D, W, X, Y, or Z)_____
2-byte A/N foreign language code _____

```

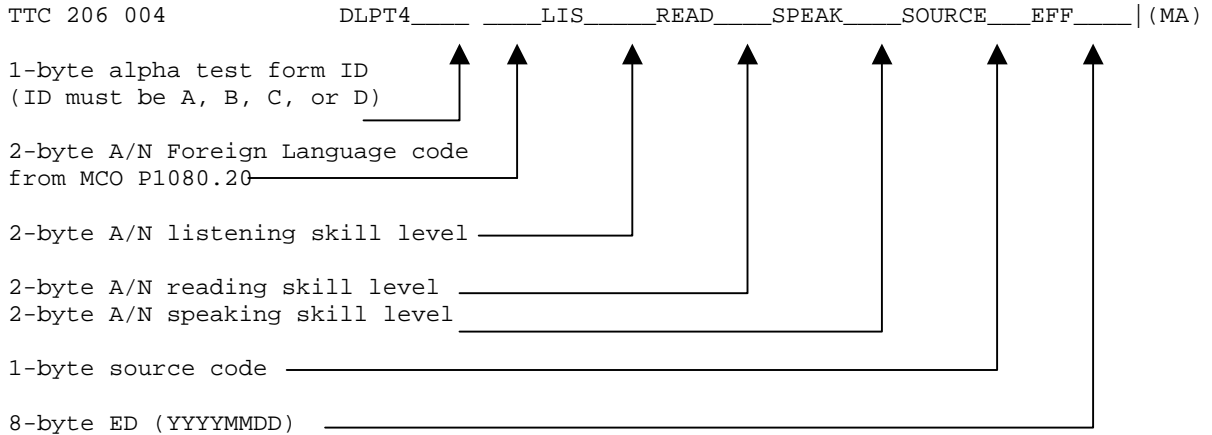

NOTE: If the date recorded in the unit's records is shown as year and month only, then report the day as 01, for example, 19980801. In all other cases report the full date of the test.

90906. DEFENSE LANGUAGE PROFICIENCY TEST IV (DLPT IV).

1. The DLPT IV is administered to determine proficiency in a specific foreign language. Headquarters only can make authorized changes.

2. Use the following statement to report DLPT IV skill levels:

MCTFSPRIM

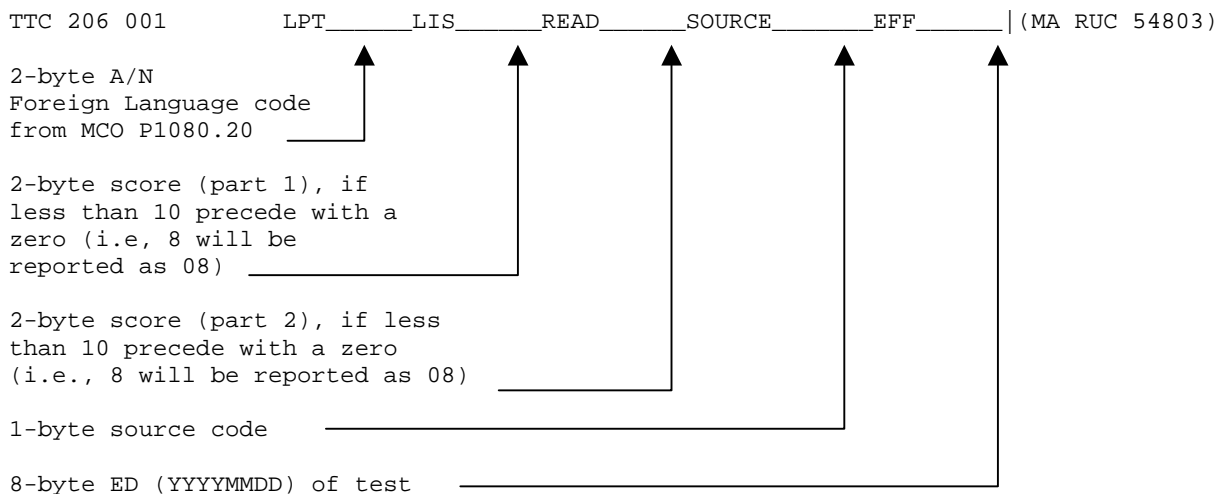

3. To delete DLPT IV skill levels report as follows:

90907. LANGUAGE PROFICIENCY TEST (LPT).

1. The LPT is administered to determine proficiency in a specific foreign language.

2. Foreign Language Codes are contained in MCO P1080.20. The abbreviations "ST" for "School Trained" and "IN" for "Interview" may also be entered in lieu of scores. When used both part 1 and part 2 must contain the same data. Headquarters only can make authorized changes. Report as follows:

MCTFSPRIM

5. To delete LPT scores report as follows:

TTC 207 001 _____TYPE LPT DELETE_____

91001. PERSONNEL TEMPO TRACKING. (TTC 323/438).

1. The National Defense Authorization Act (NDAA) for FY 2000 requires that effective 1 Oct 2000 all services track and monitor the days that each service member is either deployed or otherwise performing duties that prevent that individual from returning to his or her normal billeting area during periods of authorized liberty. This process is referred to as Personnel Tempo (PersTempo) tracking. For PersTempo there are two general types of events that are tracked, 'deployment' and 'non-deployment'. These two general types are subdivided into over 20 subtypes that are identified by use of a three-byte code. These codes are listed in Figure 9-1. In addition, the NDAA requires general officer approval to keep a Marine deployed 182 or more days out of any 365 consecutive day period. When a Marine is deployed for 220 or more days out of any 365 consecutive day period, further deployment requires the approval of an officer serving in the grade of general. This information will eventually be used to substantiate entitlement to a new high deployment per diem beginning in FY-02.

2. Under the law for FY 2001, Marines are eligible to receive High Deployment Per Diem when deployed 401 days of the prior 730 days, vice the previous rule based on 251 days of the prior 365 days. The date that 182, 220, or 251 of the prior 365 days or 401 of the prior 730 days is reached is referred to as a 'gate' for the purposes of MCTFS.

a. PersTempo Deployments. For the purposes of PersTempo a Marine is considered 'deployed' when, subject to orders, that individual is performing duties at a location other than his/her permanent duty station or, if assigned to a ship or vessel, the local operating area of that ship or vessel. Exceptions: A Marine is not deployed when performing service as a student or trainee at a school or being confined as a result of disciplinary action

MCTFSPRIM

regardless of location. Reservists who are in an inactive duty status (e.g. drill) or are performing active duty (ADSW, AT, etc.) at their home training center or within 100 miles of their residence are not considered "deployed". Reservist issued PCS/PCA orders to active duty will be deployed from the new PDS without regard to the HTC or permanent residence address. All PersTempo deployments are coded in MCTFS beginning with the letter 'D'.

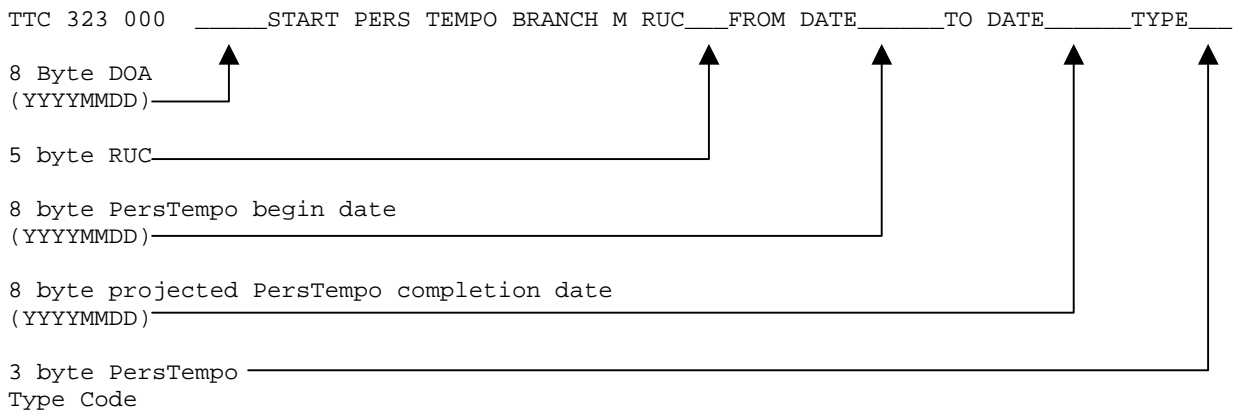

b. PersTempo Non-deployments. For the purposes of PersTempo, a Marine (including a drilling reservist) is considered to be in a 'Non-deployment' status on any date that a Marine is not deployed as defined above, and is not allowed to return to his or her residence or billeting area at his or her permanent duty station during normal liberty periods due to the performance of military duties. PersTempo Non-deployments are coded in MCTFS beginning with the letter 'N'.

NOTE: Per MARADMIN 035/01, reporting of PersTempo Non-deployments (type code beginning with N) is optional and are not counted for the purposes of reaching gates.

c. Humanitarian Attachments will be treated as permissive TAD (PTAD) and no PersTempo will be reported.

NOTE: PersTempo Events, regardless of type, may not begin and end on the same date. However, only nights away from the billeting area or residence at the PDS are creditable for the purposes of PersTempo. (**EXAMPLE:** A Marine who departs on deployment 20001001 and returns on 20001002 will be given one days credit for PersTempo performed on 20001001.) Duties performed as a result of voluntary acceptance of permissive TAD orders are not considered PersTempo events and will not be reported under this section.

d. When a Marine begins a period of duty that falls under the PersTempo tracking requirement report the following:

NOTE 1: The RUC reported in this transaction will be the RUC of the unit that the PersTempo event is performed with. This does not have to be a RUC to which a Marine is joined or attached.

NOTE 2: Sequences 000, 003 or 006 may be used for PersTempo reporting for "non-Marine Corps personnel" who are supporting Marine Corps units (first byte of SSN is equal to 'A' thru 'Z'). Any sequence of TTC 323 can be reported if SSN (byte 1) is equal to '0' (zero).

NOTE 3: When a START transaction is reported, and the first byte of the TYPE code is equal to 'D' (i.e. DAA, DAB, etc.), and the member's Pay Status Code is equal to 03100, 03110, 03200, 03220, 03120, 03210, 03211, 03300 (Confinement), 02200 (IHCA), 02300 (IHFA), 02100 (UA) or 02600 (sick misconduct), the transaction will fail.

(1) Sequence 000 will only be used to report a 'START' when the PersTempo event is being performed with a Marine Corps Unit. The 'BRANCH M' within the transaction indicates that the duty was performed with a Marine Corps unit.

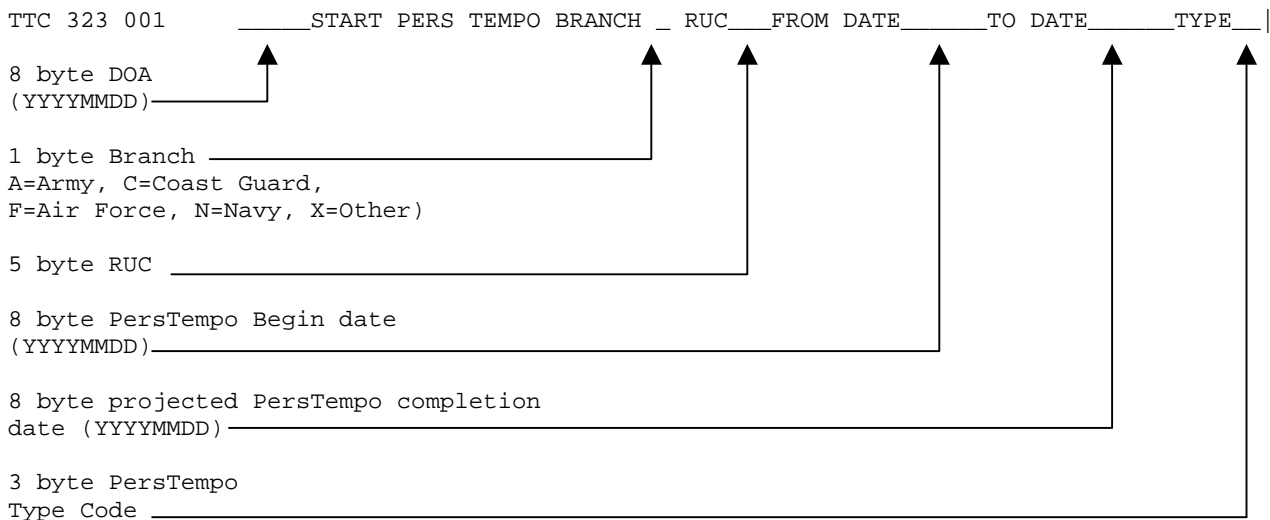

MCTFSPRIM

(2) The reported FROM DATE will be the first day of the PersTempo event. For a deployment this will be the date the Marine departs the PDS. For a non-deployment event this will be the first day the Marine is not permitted to return to his or her normal billeting area or residence at their PDS.

(3) The reported TO DATE will be the date the Marine is projected to return to his or her permanent duty station even if several PersTempo type changes are anticipated during the planned deployment. Exception: If the Marine will be attending a formal school after the PersTempo deployment ends, but prior to returning to the PDS, report the date the school begins as the TO DATE. In the case of PersTempo non-deployments, the reported TO DATE will be the day the Marine will be free to return to his or her normal billeting area or residence at the PDS once normal liberty commences.

(4) The three-byte PersTempo type code represents the type of PersTempo event being performed. The codes and descriptions are listed in Figure 9-1.

d. When the PersTempo event is performed with a non-Marine Corps unit, report the following:

e. This transaction can be reported as an individual entry, a group entry or as an event entry.

(1) The RUC reported in the above transaction must be the UIC or other identifier used by another branch of service to identify the unit with which the PersTempo event was performed. In the event that no identifier is assigned to that non-Marine Corps organization, report '00000'. This does not have to be the RUC of a unit that the Marine is joined or attached to.

(2) The reported FROM DATE will be the first day of the PersTempo event. For a deployment this will be the date the Marine departs the PDS. For a non-deployment event this will be the first day the Marine is not permitted to return to his or her normal billeting area or residence at their PDS.

(3) The reported TO DATE will be the date the Marine is projected to return to his or her permanent duty station even if several PersTempo type changes are anticipated during the planned deployment. Exception: If the Marine will be attending a formal school after the PersTempo deployment ends, but prior to returning to the PDS, report the date the school begins as the TO DATE. In the case of PersTempo non-deployments, the reported TO DATE will be the day the Marine will be free to return to his or her normal billeting area or residence at the PDS once normal liberty commences.

(4) The above START transactions will fail if there is an open PERS TEMPO TRACK 112 REMARK on file. In the event there is an open PersTempo event on file the unit will need to

MCTFSPRIM

determine if a STOP, CHANGE, or other transaction should be reported to correct the 112 remark. A STOP will be reported if the Marine had returned to the PDS after completing an earlier PersTempo event and then the START may be reported. A CHANGE will be reported if the Marine was extended as part of an ongoing deployment and has not returned to the PDS, a change in the type code is necessary or due to assignment to a different unit during the PersTempo event.

(5) If there is no open PERS TEMPO TRACK 112 REMARK when a START transaction is reported, and all edits are passed, a new 112 Remark will be built. As the new 112 remark is built, and when the reported type code is for a PersTempo deployment (types that begin with the letter 'D'), MCTFS will determine if the Marine will accumulate 182, 220, or 251 deployed days out of the prior 365 days, or 401 days out of the prior 730 days during the reported period. If any of these gates will be reached during the projected deployment, the date for reaching each gate will be posted to the 112 remark. If, upon departure from the PDS, previously accumulated deployment days place the Marine at or ahead of any given gate, the reported FROM DATE will be posted to the 112 remark for that gate. (**EXAMPLE:** If the Marine already has 290 deployed days on file for the 365 days prior to the beginning of the new deployment, the first day of the new deployment would be posted to all three gates of the new remark.) Any gate that will not be reached during the projected period will have zeros posted to the 112 remark for that gate. All gate information will be zero filled when the reported type code is for a period of non-deployment.

f. Once a started PersTempo event is completed, report the following:

TTC 323 002		STOP PERS TEMPO ED		
8 byte DOA (YYYYMMDD)	↑		↑	
8 byte ED of Stop PersTempo (YYYYMMDD)				

NOTE: This transaction can be reported as an individual entry, a group entry or an event entry.

g. A STOP transaction will fail if there is no open PERS TEMPO TRACK 112 REMARK. If an open remark is found, and various date edits are passed, the open remark will be closed. The date posted to the 112 remark as the "LAST ACTUAL DATE OF RETURN" will be the reported effective date minus one day. On the reported effective date it is expected that the Marine will be allowed to return to his or her normal billeting area once liberty commences and no credit for PersTempo will exist for that day.

h. To report PersTempo events of less than four days duration, for all reserve diary reporting of PersTempo, and to report periods that have ended prior to a START transaction being reported, use the following:

TTC 323 003		CRED PERS TEMPO BRANCH M RUC		FROM DATE		TO DATE		TYPE	
8 byte DOA (YYYYMMDD)	↑		↑	↑	↑	↑	↑	↑	
5 byte RUC									
8 byte PersTempo Begin date (YYYYMMDD)									
8 byte PersTempo last credited day (YYYYMMDD)									
3 byte PersTempo Type Code									

MCTFSPRIM

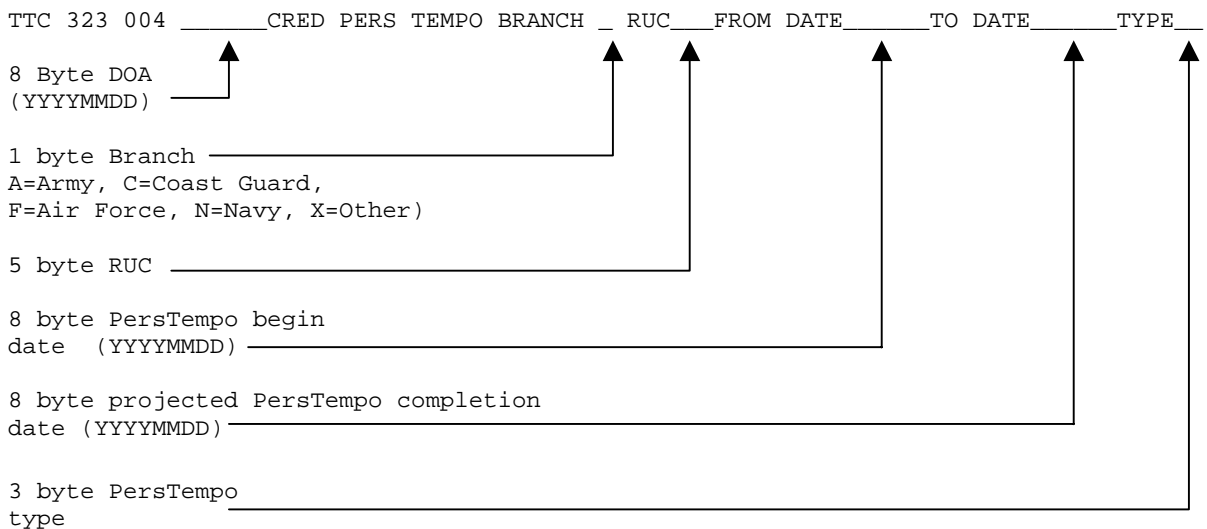

NOTE: To remove an erroneous credit, report a check as described below. This transaction can be reported as an individual entry, a group entry or as an event entry, and can be reported on 'Other Service Personnel' who are supporting Marine Corps units.

(1) This sequence will be used to report short duration periods of deployment on members serving with Marine Corps Units. The 'BRANCH M' within the transaction indicates 'Marine Corps' unit. The reported RUC will be that of the Marine Corps unit that the PersTempo event was served with. This does not have to be a unit to which the Marine is joined or attached to.

(2) The reported FROM DATE will be the first day of the PersTempo event. For a deployment this will be the date the Marine departs the PDS. For a non-deployment event this will be the first day the Marine is not permitted to return to his or her normal billeting area or residence at their PDS.

(3) The TO DATE is the last day the Marine was not permitted to return to his or her normal billeting area or residence at the PDS. **For a deployment this will be the day prior to the date of return to the PDS.** This date will post to the 112 remark as the "ESTM DATE OF RETURN". **EXAMPLE:** A Marine stands duty at the PDS from 0730, 20001005 to 0730, 20001006 (1 night) the period reported using this transaction would be ...FROM DATE 20001005 TO DATE 20001005 TYPE NGZ.

i. When a PersTempo event was served with another branch of service report the following:

NOTE: To remove an erroneous credit, report a check as described below. This transaction can be reported as an individual entry, a group entry or as an event entry, and can be reported on 'Other Service Personnel'.

(1) This sequence will be used to report a CREDIT on members serving with units of another Branch of Service. The reported RUC will be the UIC or other unit identifier of the other services RUC. In case the other service has no unit identifier, or if the PersTempo was performed in support of a civilian organization that has no unit identifier, report 00000.

(2) The reported FROM DATE will be the first day of the PersTempo event. For a deployment this will be the date the Marine departs the PDS. For a non-deployment event this will be the first day the Marine is not permitted to return to his or her normal billeting area or residence at their PDS.

(3) The TO DATE is the last day the Marine was not permitted to return to his or her PDS normal billeting area or residence. **For a deployment this will be the day prior to the**

MCTFSPRIM

date of return to the PDS. This date will post to the 112 remark as the "ESTM DATE OF RETURN".

(4) Marines on active duty must be in a valid pay status for the above transactions to post.

j. To remove erroneous periods of PersTempo credit from the 112 remark, report a CHECK Personnel Tempo transaction as follows:

TTC 323 005	CHECK PERS TEMPO FROM DATE	TO DATE		
8 byte DOA (YYYYMMDD)	↑	↑	↑	
8 byte first day of period being removed from MCTFS date (YYYYMMDD)				
8 byte last day of period being removed from MCTFS				

NOTE: To remove an erroneous CHECK, report a credit as described above.

k. When the PersTempo type or unit changes during a deployment, and the Marine has not returned to his or her permanent duty station report the following:

TTC 323 006	CHANGE PERS TEMPO BRANCH M RUC	FROM DATE	TO DATE	TYPE	
8 byte DOA (YYYYMMDD)	↑	↑	↑	↑	↑
5 byte RUC					
8 byte ED of change PersTempo (YYYYMMDD)					
8 byte projected date of return (YYYYMMDD)					
3 byte PersTempo type code					

NOTE: This transaction can be reported as an individual entry, a group entry or as an event entry, and can be reported on "Other Service Personnel" who are supporting Marine Corps units.

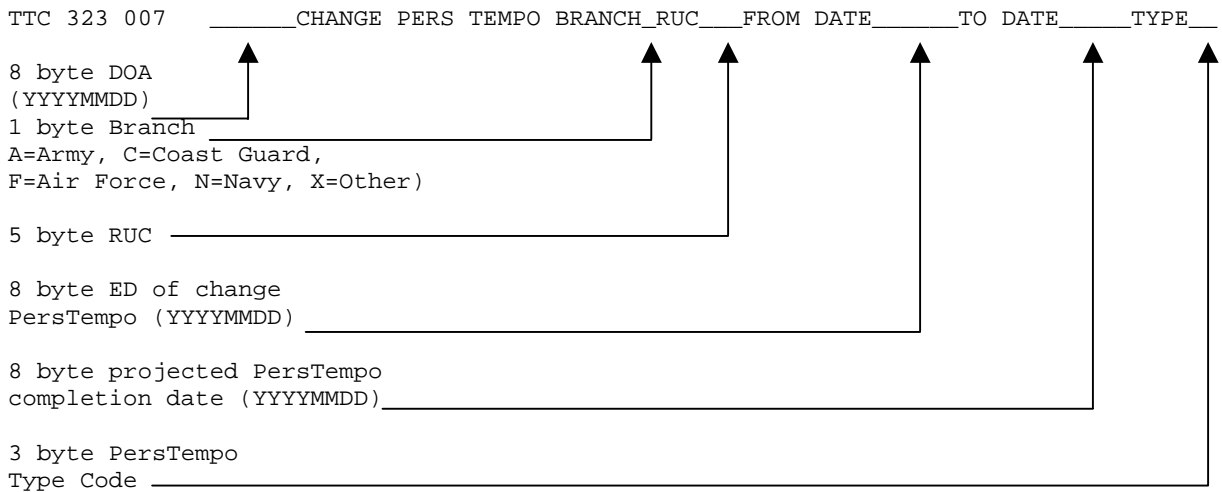

(1) The reported TO DATE will be the date the Marine is projected to return to his or her permanent duty station even if several PersTempo type changes are anticipated during the planned deployment. Exception: If the Marine will be attending a formal school after the PersTempo deployment ends, but prior to returning to the PDS, report the date the school begins as the TO DATE. In the case of PersTempo non-deployments the reported TO DATE will be the day the Marine will be free to return to his or her billeting area or residence at their PDS once normal liberty commences.

(2) This sequence will be used to report a CHANGE on members serving with Marine Corps Units. The BRANCH 'M' within the transaction indicates "Marine Corps" unit.

(3) When the above change transaction is processed, the currently open 112 remark will be closed. The "ESTM DATE OF RETURN" on the existing remark will be posted with the reported FROM DATE minus one day. A new 112 remark will be opened using the information reported in the above transactions.

MCTFSPRIM

1. When a CHANGE occurs and the Marine is serving with a non-Marine Corps unit, report as follows:

NOTE: This transaction can be reported as an individual entry, a group entry or as an event entry.

(1) The reported TO DATE will be the date the Marine is projected to return to his or her permanent duty station even if several PersTempo type changes are anticipated during the planned deployment. Exception: If the Marine will be attending a formal school after the PersTempo deployment ends, but prior to returning to the PDS, report the date the school begins as the TO DATE. In the case of PersTempo non-deployments the reported TO DATE will be the day the Marine will be free to return to his or her billeting area or residence at the PDS once normal liberty commences.

(2) When the above change transaction is processed, the currently open 112 remark will be closed. The ACTUAL DATE OF RETURN on the existing remark will be posted with the reported FROM DATE minus one day. A new 112 remark will be opened using the information reported in the above transactions.

m. If a START, CREDIT, CHECK or CHANGE transaction is reported, the START DATE cannot be before 1 October 2000. Deployments and other activities occurring before 1 Oct 00 have no bearing on PersTempo and shall not be reported as PersTempo. Certain deployments prior to 1 Oct 00 may need to be reported using TTC 033. Refer to the MCTFSPRIM and PAA 09-00 for further details.

n. There is a summary view of "PERS TEMPO TRACK 112 RMK" on MCTFS (i.e. S112). All sequences of this remark will be retained for six years.

o. Valid Personnel Tempo TYPE codes and a detailed definition of each code can be found on Figure 9-1. The ADT FLAG on this table indicates that the PersTempo deployment does or does not count towards updating the Marines OCD ('Y' = Yes, 'N' = No).

p. The MCTFS TOUR Screen (Page 03) includes three fields titled "365 DEPLOYED TOTAL DAY QUANTITY", "730 DEPLOYED TOTAL DAY QUANTITY" and "DEPLOYED CALCULATION DATE". These fields will indicate how many deployed days (type codes that begin with 'D' on Figure 9-1) the Marine has accumulated during the 365 day or 730 day period ending on the calculation date according to the PERSTEMPO TRACK 112 REMARK. This information can be used for pre-deployment planning purposes to identify Marines who may reach a gate during a planned deployment. If it looks like the Marine will reach a gate during a proposed deployment, the commander may more closely examine the individuals record using the tools described below. These fields will be updated twice each month and whenever any sequence of TTC 323 is reported.

MCTFSPRIM

q. A report titled "PERSONNEL TEMPO REPORT" which will be accessible through the MCTFS Unit Reports Sub-Menu (option 1). This report will contain a summary of the members PersTempo deployment information located on the PERS TEMPO TRACK 112 REMARK. This report will only be generated on member's that currently have an open PERS TEMPO TRACK 112 REMARK where the first byte of the TYPE code is equal to 'D' (i.e. DAA, DAD, etc.). This report may be extracted by RUC or multiple SSNs. Additionally, parameters at the Company Code and Platoon levels are available to minimize record selection within a RUC. The intent of this report is to allow the commander to view the PersTempo status of currently deployed Marines. It will allow the commander to see when general officer permission may be required and to check for future entitlement to PersTempo related per diem.

r. COMPUTATION OF CURRENT DEPLOYMENT ON MCTFS and COMPUTATION OF PLANNED DEPLOYMENT. These two screens will be accessible through the MCTFS Main Menu Screen (DEPL - DEPLOYMENT COMPUTATION). This sub-menu allows the user to create two deployment computation reports for display and/or print.

(1) If option 1 or 2 is selected, the user must enter the members 'SSN' and the 'Computation Date'. The computation of the members current deployment totals based on the effective date the user has reported will be calculated.

(2) The first fifteen days on this report will be the dates prior to the input Computation Date, and the actual amount of days the member has been deployed on each of the dates. Dates 16 through 30 would be the dates coming up for the next two weeks and the projected amount of days the member has been deployed for each of the dates. This screen will indicate what days general officer approval was or will be required for that individual to remain deployed, and to eventually verify entitlement to PersTempo related per diem, and project future approvals/entitlements to help in identifying how close a member is to the need for approval for the 182nd, 220th, 251st or 401st Gate dates.

(3) This option may be used to look at any date to determine what the deployment totals were around the date selected making it useful for audit purposes if a Marine later questions his or her total deployed days around a given date. If option 3 is selected, the user must enter the members 'SSN', the 'Planned Start Date' and the 'Projected Number of Days'. The computation of the members planned deployment based on the effective date the user has reported, will be calculated.

(4) This screen will give commanders an opportunity to plan deployments in cases where members are close to reaching their 182nd, 220th, 251st or 401st day of PersTempo Deployment.

91002. PERSONNEL TEMPO PER DIEM ALLOWANCE (PERSTEMPO PER DIEM) (TTC 438).

1. A PersTempo Per Diem (992 remark) has been created and provides reporting units the capability to start, stop, and credit PersTempo Per Diem. Under a new law (see XXXXX), Marines are eligible to receive High Deployment Per Diem when deployed 401 days of the prior 730 days, vice the previous rule based on 251 days of the prior 365 days which takes effect October 1, 2001. This entitlement is in the amount of \$100 per day (High Deployment Per Diem). PersTempo Per Diem cannot be reported until October 1, 2001, and cannot be reported until the entitlement has been earned.

a. Report the following statement to start PersTempo Per Diem:

TTC 438 000 STRT PERSTEMPO PER DIEM _____|
8 byte ED (YYYYMMDD) _____↑

b. Report the following statement to stop PersTempo Per Diem:

TTC 438 001 STOP PERSTEMPO PER DIEM _____|
8 byte ED (YYYYMMDD) _____↑

MCTFSPRIM

NOTE: This transaction may be reported for individual, group and event entries, and may be future dated (not to exceed seven days).

c. Report the following statement to credit PersTempo Per Diem:

TTC 438 002 CRED PERSTEMPO PER DIEM_____TO_____|

NOTE: May be reported for individual and group entries.

NUMERIC PAY ENTITLEMENT CODES FOR PERSTEMPO PER DIEM.

	<u>Officer</u>	<u>Enlisted</u>	<u>Tax Code</u>
Active Duty Marines	30001	30021	1,4
Reserve Marines on active duty	30042	30062	1,4
Reserve Marines	58102	58202	1,4

91003. DEPLOYED PER DIEM (TTC 327/328/331/332) (ACTIVE DUTY ONLY).

1. The JFTR, Chapter 4, part C, authorizes payment of standard/flat rate per diem, hereafter referred to as deployed per diem, for Marines of units deployed overseas. This paragraph contains procedures and UD reporting requirements for commencement, termination, and adjusting the entitlement. See Table 9-19 for deployed per diem rules.

2. Personnel assigned to WESTPAC commands for duty pursuant to PCSO that are administratively attached to a deployed unit are not entitled to deployed per diem. Further, as unit messing is essential under the UDP, enlisted personnel **attached** to deployed units (as well as personnel **assigned** to deployed units) are subsisted-in-kind. Accordingly, no entitlement to BAS or other form of basic allowance for subsistence exists during the period of administrative attachment or deployment while in a unit deployment status, unless concurrent TAD is being performed (TAD performed under orders away from the unit deployment location). In this instance, BAS is authorized.

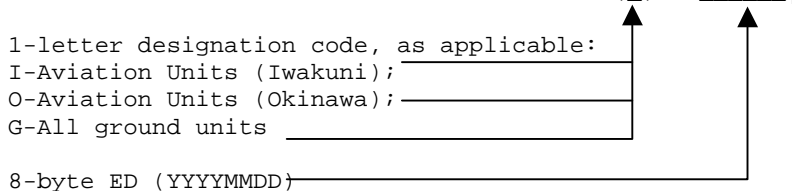

3. Advance and rear party personnel (those Marines of deployed units who do not accompany the unit during transfer to/from the designated deployment location) rate deployed per diem as follows:

a. Advance Party Personnel. Entitlement to deployed per diem commences with an ED of the day **after** joining the deployed unit. Entitlement terminates with an ED of the day **before** the Marine's detachment from the deployed unit incident to return advance party duties.

b. Rear Party Personnel. Entitlement to deployed per diem for personnel who will depart the deployment location subsequent to the deployed unit's return terminates with an ED **before** detachment from the deployed unit.

NOTE: Orders of advance and rear party personnel must be endorsed to reflect the actual time and date such Marines joined or detached from the deployed unit.

4. Entries may be reported as event, group, or individual transactions, and contain DELETE ADD and DELETE AS ERR capabilities. Use the following statement to report start or stop deployed per diem:

TTC 327 000 STRT DEPLOYED PER DIEM () ED_____|

MCTFSPRIM

NOTE: For enlisted Marines, the reporting of CRED TAD RATIONS creates a checkage for Deployed per Diem. The reporting of STRT/STOP COMRATS WHILE TAD will restart deployed per diem.

TTC 328 000 STOP DEPLOYED PER DIEM ED_____|

8-byte ED (YYYYMMDD) _____↑

a. With the exception of advance or rear party personnel discussed in subparagraph above, the ED is the day **after** arrival at the designated deployment location for starting the entitlement, and the day **before** the date of departure from the designated deployment location for stopping the entitlement.

b. The above entries are also reported to stop and start the entitlement when a Marine officer departs and returns from a period of TAD in excess of 30 days.

5. The Unit Commander can credit or check deployed per diem for required adjustments by use of the following applicable UD entries. The entries may be reported as event, group, or individual transactions.

TTC 331 000 CRED DEPLOYED PER DIEM_____FR_____TO_____|

1-letter designation code, as applicable:

I-Aviation Units (Iwakuni); _____↑

O-Aviation Units (Okinawa); _____↑

G-All ground units _____↑

8-byte **inclusive** ED (YYYYMMDD)

of entitlement adjustment _____|

TTC 332 000 CHEK DEPLOYED PER DIEM FR_____TO_____|

8-byte **inclusive** ED (YYYYMMDD)

of non-entitlement _____↑

6. Periods of Non-entitlement. Entitlement to deployed per diem does not exist under certain conditions. Depending on the nature of the condition, the entitlement may or may not be automatically withheld.

a. Entitlement to deployed per diem is automatically withheld under the following circumstances:

- (1) While on leave.
- (2) While in an unauthorized absence status.
- (3) While in hands of foreign civil authorities.
- (4) While confined.
- (5) While sick in hospital or sick-misconduct.
- (6) While TAD for enlisted Marines.

b. The Unit Commander must report periods of non-entitlement using the appropriate UD entry under the following conditions:

(1) During periods of group travel, while embarked on or performing duty aboard ship; and for officers, during periods of TAD of 30 days or less. In these instances, report the inclusive period of non-entitlement using the CHEK DEPLOYED PER DIEM as required. The **inclusive** period of non-entitlement is from the ED of commencement of the unique status **through** the date the unique status terminates. For example, if the Marine officer enters a

MCTFSPRIM

TAD status on 1 October 1998 and returns on 17 October 1998, the inclusive period of 1 **through** 17 October 1998 is the period of non-entitlement to be reported.

(2) For Marine officers who go TAD in excess of 30 days, stop the entitlement as of the date **prior** to the date TAD commences, and start the entitlement as of the date **after** the date TAD terminates. For example, if the Marine officer enters a TAD status on 1 November 1998 and returns from TAD on 17 December 1998, the STOP DEPLOYED PER DIEM entry in subparagraph 5052.5, would be reported with an ED of 31 October 1998. The STRT DEPLOYED PER DIEM entry in subparagraph 5052.5, would be reported with an ED of 18 December 1993.

91004. WILL DEPLOY (TTC 478).

CONUS or Hawaii-based FMF units, participating in the unit deployment program, four weeks prior to the unit's deployment will report this transaction as an event entry. For individuals that are joined after the event transaction is processed, the unit is required to report this transaction either as an individual or group entry. The information contained in this transaction will reflect the jurisdiction and DSSN providing service during the deployment.

```

TTC 478 000 RUC____WILL DEPLOY TO SDPI ____ DSSN ____|
                ^               ^               ^
                |               |               |
2-byte SDPI _____
4-byte DSSN _____
  
```

91005. DEPLOYMENT STATUS CODE (DSC)/DEPLOYMENT RETURN DATE (DRD) (TTC 422) (ACTIVE DUTY ONLY)

1. The DSC identifies a Marine's deployment status during a current FMF tour. This data element is used by the CMC (MMOA and MMEA) to determine a Marine's eligibility for assignment and to monitor unit personnel strengths. The DSC identifies Marines who are scheduled for, serving on, have completed, or who are **not** scheduled to participate in future deployments of at least 5 months duration. If the Marine is non-deployable per the criteria contained in the current edition of MCO P3000.13, as well as not scheduled, enter the appropriate duty status code.

NOTE: All deployments refer to unit or detachment/overseas deployed activities during a tour of duty with the FMF as defined in MCO 1300.8.

2. The DRD identifies the date of a completed deployment of 5 months or more, or the expected date of return from the current or next deployment of 5 months or more. This data element is also used by HQMC for personnel planning. The following rules apply:

- a. If DSC = 0 Then DRD must be zero.
- b. If DSC = 1, 3, or 5 Then DRD must be future-dated with the expected date of return.
- c. If DSC = 2, 4, or 6 Then DRD must be actual date of return.

3. Use the following statement to report, change, or update the DSC and DRD:

```

TTC 422 000      DEPLOY STAT____DRD____|
                ^               ^
2-byte numeric code from MCO P1080.20 _____
8-byte ED (YYYYMMDD) _____
  
```

NOTE: For MCTFS reporting and processing purposes, this entry must be either reported on a UD dated prior to the Deployment Return Date (DRD) or the entry must include an action date prior to the DRD.

MCTFSPRIM

4. Use the following statement to clear the DSC/DRD field:

TTC 422 000 DEPLOY STAT 0 DRD 000000|

5. When a Marine's DSC changes from a "not scheduled" status (DSC = 0, 2, 4, or 6) to a scheduled status (DSC=1, 3, or 5) and has been so reported into MCTFS, but the Marine then becomes "not scheduled" again, report the old DSC/DRD back into MCTFS. For example, a Marine's DSC/DRD is DEPLOY STAT 2 DRD 19971201| and has been updated to DEPLOY STAT 3 DRD 19981015|. When the Marine becomes "not scheduled" again, report 19971130 DEPLOY STAT 2 DRD 19971201|.

6. As soon as units who assign personnel TAD to MEU's, or elements of a MEU, become aware of whom they will assign, they will report a DSC/DRD into MCTFS. They will report the correct DSC for the individual and the expected return date of the MEU to which the Marine is assigned for TAD. This DSC/DRD will, in most cases, be reported well in advance of the TO TAD entry. The DSC/DRD must be reported as soon as personnel are identified as participating in a MEU deployment, with the primary goal of 120 days prior to deployment. If for any reason the identified Marine becomes "not scheduled," update the DSC/DRD.

91006. DEPLOYMENT OF CONUS FMF UNITS TO WESTPAC UDP (TTC 478).

1. The instructions contained in this paragraph are applicable to CONUS or Hawaii-based FMF units participating in the UDP to WESTPAC that change their personnel reporting JURIS for the duration of the deployment. In addition to the below instructions, units are reminded that there are other individual or group entries that must be reported. (Refer to Figures 6-8 and 6-9.)

2. The below UD statement will be used as an EVENT entry and reported 4 weeks prior to the unit's deployment. (see Chapter 6, Section 7 EVENT AND EXCLUSION ENTRIES).

TTC 478 000 RUC____WILL DEPLOY TO SDPI____DSSN____|HIST:____|

5-byte RUC _____

2-byte numeric SDPI of the personnel reporting JURIS to which the unit will deploy _____

4-byte numeric DSSN which will service unit during deployment _____

New unit title, address, location code (to include city/county/state/country code), JURIS code and estimated deployed date _____

NOTE: All information entered is that which will reflect the status of the unit while deployed (for example, DSSN is that of the DO which will service the unit during deployment; TITLE, ADDR, and LOC CODE is that of the unit while deployed). The MISSO will process this event entry at the proper time. **DO NOT** resubmit after 20 days.

3. For Marines who are joined after the MISSO enters the above WILL DEPLOY event entry, and prior to deployment, the unit must submit the WILL DEPLOY statement as an individual or group entry (less the historical statement).

4. On the last UD submitted prior to deployment, report the following event entry. This UD must be prepared in advance, then certified and delivered to the CONUS/Hawaii MISSO prior to departure.

HIST: _____|

Enter following **EXAMPLE** info:

ASG OPCON/ADCON (____)

UDP EMB GOVT AIR FR____LAST UD SUB JURIS_____

MCTFSPRIM

NOTE: Enter appropriate information. STOP COMRATS should be reported on the UD prior to the EVENT UD. This UD can be reported as an individual or group entry UD.

5. Upon arrival at the deployment site, the RU will submit the below event entry as the only entry on their initial UD. The unit will contact the MISSO at the new JURIS to verify the correct location code. Refer to Chapter 9 for instructions concerning deployed per diem.

91007. ARRIVED INDIVIDUAL LOCATION (TTC 002).

1. To report individual locations on the member's master file on his arrival to a Unit Deployment Program location. Report as follows:

```

TTC 002 000 ARRIV INDIV LOC ____ _ WITH RUC ____|
      ^         ^         ^         ^
3-byte County Code ____
(or foreign country numeric code)
2-byte State Code ____
(or foreign country alpha code)
4-byte City Code ____
UDP RUC ____

TTC 002 000 ARR INDIV LOC ____ _|HIST:FIRST UD SUB JURIS__ARR DISEMB GOVAIR__|
      ^         ^         ^         ^
3-byte county code ____
(or foreign country numeric code)
2-byte numeric state code (or foreign country alpha code) ____
4-byte code for city ____
2-byte JURIS code ____
Debark location ____
  
```

NOTE: All location codes will be taken from the World Wide Geographic Location codes publication (PCN: 50100900000). Parent SDPI must be reported prior to TTC 002 000.

2. Four weeks prior to the RU's return to CONUS or Hawaii, the event entry for DSSN must be reported on the UD (see Chapter 6 Section 5 UNIT INFORMATION for reporting details. Failure to report this entry will cause a delay in proper processing of pay and MCTFS data. The MISSO will process this event entry at the proper time.

3. On the last UD submitted to the WESTPAC MISSO, the unit must report the below event entry. This UD must be prepared in advance, then certified and delivered to the WESTPAC MISSO prior to departure. Refer to Section 8 for instructions concerning deployed per diem.

```

HIST:_____|
      ^
Enter following example info:
ASG OPCODE/ADCON____UDP RET|
EMB GOVT AIR FR____LAST UD SUB JURIS____
  
```

NOTE: Enter appropriate information. STOP DEPLOYED PER DIEM should be reported on the UD prior to the EVENT UD. This UD can be reported as an individual or group entry UD.

MCTFS PRIM

4. On the day of arrival in CONUS or Hawaii, the unit must report the below event entry. Units are reminded that there are other individual or group entries that must be reported (refer to Figures 6-4 and 6-5). The unit will contact the local MISSO upon the first working day after return.

TTC 002 000 ARR INDIV LOC____	HIST:FIRST UD SUB JURIS____ARR DISEMB GOVT AIR____
3-byte county code _____ (or foreign country numeric code)	2-byte numeric _____ state code (or foreign country alpha code)
4-byte code for city _____	2-byte juris code _____
Debark location _____	

NOTE: All location codes will be taken from the World Wide Geographic Location codes publication (PCN: 50100900000).

91008. PARENT SATELLITE DATA PROCESSING INSTALLATION (SDPI) .

If a Marine joins the RU during deployment, the unit must report the join per Chapter 3 and the below UD statement. The parent SDPI is the SDPI that serviced the unit prior to deployment. The statement may be reported as either an individual or group statement. If the Marine's CMF does not reflect a correct parent SDPI, the Marine will not receive pay properly upon return to CONUS from unit deployment. Should it become necessary to clear a parent SDPI from a Marine's record, report the following statement:

TTC 477 001	PARENT SDPI____
2-byte SDPI code _____	

NOTE: Prior to joining an individual, the RU must contact the MISSO at the deployed site to ensure that MCTFS tables are updated to allow for the processing of a join entry.

MCTFSPRIM

DEFINITION OF CODES Reportable PersTempo Events

NOTE: A PERSTEMPO TRANSACTION WILL NOT BE REPORTED IF THE MARINE WAS ALLOWED TO RETURN TO HIS OR HER NORMAL BILLETING AREA OR RESIDENCE AT THE PERMANENT DUTY STATION DURING NORMAL LIBERTY PERIODS. Reservists must be either performing a drill or be on active duty, to include AT or ADSW, in order to receive credit for PERS TEMPO.

Contingency operation. (DAA) An operation (a) designated by the Secretary of Defense in which members of the Armed Forces are or may become involved in military actions, operations, or hostilities against an enemy of the United States or against an opposing force or (b) results in a call to or retention on active duty of members of the Uniformed Services during a war or during a national emergency declared by the President or Congress.

Counter-drug operation. (DAD) A military action taken to detect, monitor, and counter the production, trafficking, and use of illegal drugs.

Disciplinary event. (NIZ) The confinement of a military member whereby he or she is restricted from performing normal duties.

Duty in garrison. (NGZ) Home station or homeport duty performed at the permanent duty station. Includes all duties such as duty officer, duty NCO, guard duty, etc. that prevent the Marine from returning to his/her billeting area at the permanent duty station during periods of normal liberty.

Forward presence. (DAO) The visible posture of US forces and infrastructure strategically positioned in or near key regions around the globe, to contribute to the stability, continuity, and flexibility that protect US interests.

Funeral honors duty. (NLZ) The rendering of military honors to a deceased military member by Reserve component members.

Home station training. (DCQ) Training conducted within the limits of the permanent duty station. This can be an installation, base, or local operating area of a ship or vessel. Any field exercise or training that is conducted at the permanent duty station is considered home station training unless such training was conducted as part of a formal school.

Hospitalization while not deployed. (NHZ) The formal admission to a medical treatment facility except when deployed as indicated by codes DAP, DBP, or DCP.

Hospitalization during an operation. (DAP) The formal admission to a medical treatment facility while participating in an operation identified by PersTempo type codes beginning with the letters 'DA' and not at or near the members permanent duty station

Hospitalization during an exercise. (DBP) The formal admission to a medical treatment facility while participating in an exercise identified by PersTempo type codes beginning with the letters 'DB' and not at or near the member's permanent duty station.

Hospitalization during unit training. (DCP) The formal admission to a medical treatment facility while participating in unit training identified by PersTempo type codes beginning with the letters 'DC' and not at or near the member's permanent duty station.

Humanitarian operation. (DAG) An operation conducted to relieve or reduce the results of natural or manmade disasters or other endemic conditions such as human pain, disease, hunger, or privation that might present a serious threat to life or that can result in great damage to or loss of property. Assistance provided under these provisions can include: (a) medical, dental, and veterinary care provided in rural areas of a country; (b) construction of rudimentary surface transportation systems; (c) well drilling and construction of basic sanitation facilities; and (d) rudimentary construction and repair of public facilities.

MCTFSPRIM

FIGURE 9-1--PERSTEMPO CODE DEFINITIONS.

Individual training. (NEZ) Institutional training conducted in a school or training center of a centralized, DoD or single-Service, training organization. Attendance at a formal school (e.g. SNCO Academy, SOI, APAC, etc.) will be reported with this code unless the school is held at or near the Marines permanent duty station and the Marine is allow to return to his or her normal billeting area or residence during normal liberty periods.

Inactive Duty Training. (NJZ) Reservist in a 'drill' status performing training away from the home training center.

Joint or combined exercise. (DBJ) A non-NATO military maneuver or simulated wartime operation involving planning, preparation, and execution. It is carried out for the purpose of training and evaluation. A joint exercise involves more than one US Armed Force. A combined exercise involves one or more US Armed Forces and one or more allies.

Law enforcement operation. (DAE) Supports law enforcement authorities to counter international criminal activities and suppress domestic rebellion in foreign countries.

Mission support TDY. (DDZ) TAD for meetings, conferences, staff visits, staff augmentation, and medical appointments (not to include hospitalization) that are not held at the permanent duty station.

Muster duty. (NKZ) Reserve IRR muster duty only.

NATO exercise. (DBL) A combined military maneuver or simulated wartime operation conducted by forces of two or more allied NATO nations acting together for the accomplishment of a single mission.

Peacekeeping operation. (DAH) A military action undertaken with the consent of all major disputing parties, designed to monitor and facilitate implementation of an agreement (such as a cease-fire or truce) and support diplomatic efforts to reach a long-term political settlement.

Service exercise. (DBK) A single Armed Force's military maneuver or simulated wartime operation involving planning, preparation, and execution carried out for the purpose of training and evaluation. Does not include training conducted at the permanent duty station.

Surveillance operation. (DAI) The systematic observation of aerospace, surface or subsurface areas, places, persons, or things, by visual, auditory, electronic, photographic, or other means.

Unit training at a combined training center. (DCM) The location where one or more Services conduct training to meet specific training requirements, test new methodologies, and receive independent training evaluations. Does not include training conducted at the permanent duty station.

Unit training at a designated training area. (DCN) The geographic area in which unit training is conducted. The training area can be described as an installation, an area of a city, other public land, or a body of water. Does not include training conducted at the permanent duty station.

US domestic civil operation. (DAF) Activities and measures taken by the Department of Defense to foster mutual assistance and support between the Department of Defense and any civil government agency in planning, preparing for, or applying resources for border patrol augmentation and in response to the consequences of civil emergencies or attacks, including national security emergencies.

7	is administratively attached to a deployed unit from duty pursuant to a PCS WESTPAC assignment	No entry is required. These personnel are not entitled to payment of deployed per diem. See subpar 5052.3		

NOTE 1: Applies to Marines assigned to a deployed unit under the UDP. For personnel attached to a deployed unit and advance/rear party personnel, see paragraph 91003, this chapter.

NOTE 2: All UD entries contained in this column may be reported as event, group, or individual transactions, and contain delete/add and delete as erroneous capabilities.

NOTE 3: When TAD is involved, refer to subparagraph 5013.15 to determine entitlement to commuted rations.

MCTFSPRIM

Section 11: SPLIT PAY

91100. INTRODUCTION.

1. The different categories of this Section are those items that pertain to Split Pay. Detailed reporting information is indicated in the following paragraphs.

2. Diary input authority is indicated for HQ, Reg or Res. Type Transaction Code (TTC) statements for this section are shown below with the input authority and corrections indicator immediately following the statement.

	REPORTING AUTHORITY	DEL/ ADD	DEL/ ERR
156 000 RSPA \$_____.00 ED_____	HQ REG	N	N
159 000 STRT SPLIT PAY_____	HQ REG	N	N
160 000 STOP SPLIT PAY_____	HQ REG	N	N

91101. SPLIT PAY OPTION (TTC 156/159/160).

1. The Split Pay Option allows Marines enrolled in the Direct Deposit Program (DDP) to receive a portion of their pay at their duty locality each payday. This amount, called the requested split pay amount (RSPA), must be a whole dollar amount and must be less than or equal to the Marine's norm pay. The remainder of pay due will be transmitted to the Marine's financial institution. (See Table 9-20 for reporting procedures for the Split Pay Option).

2. To be eligible to participate in the Split Pay Option, Marines must be enrolled in the DDP and serving in one of the following types of environments:

a. In garrison outside the 50 states and provided pay service by a Marine Corps FO (this includes ship's detachments).

b. In garrison outside the 50 states and paid by a Navy FO (this includes ship's detachments).

c. Serving on deployments and paid by either a Navy or Marine Corps FO.

4. To start the Split Pay Option, use the following transaction to report all members wanting to participate:

```

TTC 156 000      RSPA $_____.00 ED_____|
               ^               ^
Requested pay amount
(report whole dollars)_____
               |
8-byte ED (YYYYMMDD) of request
ED of election or date of UD)_____
    
```

a. Marines in Garrison Outside the 50 states paid by a Marine Corps or Navy FO (this includes ship's detachments). Reporting TTC 156 will activate the Split Pay Option for those Marines in garrison outside the 50 states.

b. Marines on Deployment. The following additional transaction must be reported after TTC 156 (RSPA) to activate the Split Pay Option for Marines participating in an exercise or deployment in excess of 30 days:

MCTFSPRIM

159 000 STRT SPLIT PAY____|
8-byte ED _____↑
(YYYYMMDD) deployment begins

NOTE 1: If the first RSPA payment is to be received on the mid-month payday, report STRT SPLIT PAY before the end-of-month (EOM) U&E cutoff **before** the unit deploys. **EXAMPLE:** Deployment begins 5 March 1998, report STRT SPLIT PAY 19980228 (prior to Feb 1998 EOM U&E). If the first RSPA payment is to be received on the first of the month payday the month after the deployment begins, report STRT SPLIT PAY before the mid-month U&E cutoff. **Example:** Deployment begins on 20 March 1998, report STRT SPLIT PAY 19980320 (prior to mid-month U&E cutoff). See current MCBul 7220 series for cutoff cycles.

NOTE 2: Do not report TTC 159, STRT SPLIT PAY, for Marines who have pay service provided by DSSNs 6160, 6096 and 5755, and for Marines outside CONUS whose pay accounts are maintained by DFAS-KC including Marines permanently assigned to certain ships whose unit is serviced by DFAS-KC, but payday service is provided by a Navy DO. Refer to Table 4-1, Rule 4.

5. To change the RSPA, report a new RSPA by using TTC 156.

6. If a Marine wants to withdraw from the Split Pay Option, report the transaction listed below that applies:

a. Marines in Garrison Outside the 50 states paid by a Marine Corps or Navy FO (this includes ship's detachment). First report TTC 160/000 (STOP SPLIT PAY) then report a new RSPA of zero using TTC 156 (RSPA) only if a Marine is serving in one of the following environments:

(1) Stationed outside the 50 states in garrison (e.g., Okinawa, Iwakuni, etc.),

(2) Serving with a ship's detachment and wants to withdraw from participating in the Split Pay Option,

(3) Non-deployed and does not want to participate.

b. Marines on Deployment. Use the following transaction to stop the Split Pay Option for those Marines on deployment or returning from a deployment:

TTC 160 000 STOP SPLIT PAY____|
8-byte ED (YYYYMMDD) _____↑
deployment ends

NOTE: The termination date for Split Pay will be reflected in MCTFS as the first day of the month. To ensure Split Pay is terminated correctly the STOP SPLIT PAY statement must be run during the month the deployment ends; however, the statement must also be run **after** the End-of-Month (EOM) U&E cutoff date for the previous month. **EXAMPLE:** Deployment ends on 20001125, report STOP SPLIT PAY 20001125 during the month of November but after the October EOM U&E cutoff date. The termination date reflected in MCTFS and in Section 'F' of the LES will be 20001101. If the STOP SPLIT PAY 19981125 statement is run **before** the October EOM U&E cutoff date, the termination date will be reflected as 20001001. Failure to run the statement during the correct timeframe may result in a checkage to the Marine's pay. See current MCB 7220 for U&E cutoff cycles.

Note 1: When a Marine wishes to withdraw from split pay while serving with a ship's detachment or with an overseas unit that is not deployed, report TTC 156 (RSPA) with a zero dollar amount.

MCTFSPRIM

Note 2: Do **not** report TTC 159, STRT SPLIT PAY for Marines who have pay service provided by DSSNs 6160, 6096 and 5755, regardless of their tour status (e.g., six month UDP, one year unaccompanied tour, or three year accompanied tour), and for Marines outside CONUS whose pay accounts are maintained by DFAS-KCC including Marines permanently assigned to certain ships whose unit is serviced by DFAS-KCC, but payday service is provided by a Navy DO.

MCTFSPRIM

Section 12: BONUS

ACTIVE DUTY BONUSES

91200. INTRODUCTION.

1. The different categories of this Section are those items that pertain to Bonus Payments, Active Duty and Reserve. Detailed reporting information is indicated in the following paragraphs.

2. Diary input authority is indicated for HQ, Reg or Res. Type Transaction Code (TTC) statements for this section are shown below with the input authority and corrections indicator immediately following the statement.

	REPORTING AUTHORITY	DEL/ ADD	DEL/ ERR
392 000 ENL BON MOS____DOCB____ED____	REG	Y	Y

91201. ENLISTMENT BONUS PROGRAM (EBP) (TTC 392) (ACTIVE DUTY ONLY)

1. Upon a Marine's eligibility for an enlistment bonus, report the following UD statement. The entry will generate the appropriate credit to the Marine's pay account and properly withhold Federal income tax at 28 percent and the appropriate state income tax withholding percentage for one-time entitlements if the member is not entitled to tax exclusion for service in a designated area. If a member has a specified alternate amount of withholding for state income tax (other than '0' (zero)), the appropriate percentage for one-time entitlements will apply. If '0' is specified, no state income tax will be withheld. For states that require SITW and have not specified a flat percentage rate, 4 percent will be used.

TTC 392 000	ENL BON MOS____DOCB____ED____
4-byte eligible MOS	_____↑
8-byte ED (YYYYMMDD) (DOCB)	_____↑
8-byte ED (YYYYMMDD) eligible MOS assigned	_____↑

NOTE: The DOCB is the Marine's Armed Forces Active Duty Base Date (AFADBD) and may be obtained from the date of enlistment in block 17B of DD form 1966.

3. If any of the three elements are incorrectly reported or erroneous, the entire entry will fail. Of the three elements, the Date of Original Contract for Bonus (DOCB) is the most critical, as this date is used in determining the Program Enlisted For (PEF) code table in effect as of the DOCB, which in turn determines the proper bonus entitlement.

4. If the assigned MOS has not previously been reported, processing of the enlistment bonus UD statement will automatically update the primary MOS code in the MMPA. The ED of MOS assignment for the enlistment bonus entry must be equal to or greater than 19981101 and the DOCB.

MCTFSPRIM

RESERVE BONUSES

91202 INTRODUCTION.

1. The different categories of this Section are those items that pertain to Bonus Payments, Active Duty and Reserve. Detailed reporting information is indicated in the following paragraphs.

2. Diary input authority is indicated for HQ, Reg or Res. Type Transaction Code (TTC) statements for this section are shown below with the input authority and corrections indicator immediately following the statement.

	REPORTING AUTHORITY	DEL/ ADD	DEL/ ERR
900 000 SRIP ENL INIT MOS_____BON NO_____ED_____	RES	Y	Y
900 001 SRIP 3RENL INIT MOS_____BON NO_____ED_____	RES	Y	Y
900 002 SRIP 6RENL INIT MOS_____BON NO_____ED_____	RES	Y	Y
900 003 SRIP AFF INT_____MOS_____BON NO_____ED_____	RES	Y	Y

901 001 UNSAT YR_____INSTALL ED_____	RES	N	Y
902 000 BON NO_____	RES	N	N
903 000 TERMINATE BONUS ED_____	RES	N	Y

91203. SELECTED RESERVE INCENTIVE PROGRAM (SRIP) (TTC 900/901/902/903/905/904) (RESERVE ONLY)

1. General. The SRIP is explained in MCO P7220R.38. Included in this Order is the eligibility criteria for the enlistment (REBO), reenlistment (RENBO), and affiliation (SERAB) bonuses. Authorization for payment is contained in the DoDFMR.

2. Initial Entitlement

a. Upon a Marine's eligibility for a REBO, RENBO or SERAB bonus, the RU must contact CMC (RAP) for a bonus control number to substantiate the bonus payment, and report the appropriate UD statement. The entry will generate the appropriate credit to the Marine's pay account and withhold Federal income tax at 20 percent. Once processed, the bonus will be included with the Marine's next payment.

b. Use the following statement to report a SERAB bonus:

TTC 900 003 SRIP AFF INT_____MOS_____BON NO_____ED_____|

Number of months (**NOTE 1**) ↑ ↑ ↑ ↑

Bonus qualifying MOS _____↑

8-byte bonus number (**NOTE 2**) _____↑

8-byte ED (YYYYMMDD) of bonus payment
(date of join to SMCR) _____↑

NOTE 1: Number months of remaining MSO (use whole months). If the number of months is less than 10, then it must be preceded by a zero.

NOTE 2: Omit hyphens. (Bonus number 142-99 would be reported as 0014299).

MCTFSPRIM

c. After reporting the appropriate reenlistment statement and PEF, use the following statement to report REBO and RENBO bonuses:

TTC 900 000	SRIP ENL INIT MOS_____	BON NO_____	ED_____	
TTC 900 001	SRIP 3RENL INIT MOS_____	BON NO_____	ED_____	
TTC 900 002	SRIP 6RENL INIT MOS_____	BON NO_____	ED_____	
TTC 900 004	SRIP 2 ND 3RENL INIT MOS_____	BON NO_____	ED_____	

Bonus qualifying MOS _____
 8-byte bonus number (Note 2 above) _____
 8-byte ED (YYYYMMDD) of bonus payment
 (must be date of contract for REBO) _____

d. If a Marine is in receipt of a SRIP Bonus and reenlists/extends prior to the expiration of the current entitlement period the SRIP Bonus payments will be effected. To preclude the cancellation of payments comply with the guidance provided below:

(1) Prior to reenlistment, verify the current SRIP entitlement and component code by viewing MCTFS.

(2) MISSO-17 has been granted limited authority to make bonus-related component code changes. Upon reenlistment, if the individual's component code is other than "KA", request a component code change by message to the MCSA (MISSO-17), KCC with an information copy to the DFAS-KCC/FJV-1/BNS, and to the CMC (RAM-5). Requests should include the following information:

- (a) SSN, Name, Grade, RUC.
- (b) Present Component Code.
- (c) Present ECC and EOS.
- (d) DOE and type (i.e., 19890701 6yr SRIP reenl).
- (e) Justification - cite authority.

(3) Upon completion of the requested action, the appropriate reenlistment entry, PEF code and bonus statement must be reported. SRIP entitlement and the reenlistment must be reported at the same time to open the MCTFS Screen and initiate payment of SRIP entitlements.

f. A bonus control number must be obtained from the CG MCRSC, Incentive Branch prior to reporting the "SRIP BONUS" UD entry. If the bonus control number is incorrectly reported, it can **only** be corrected by the MCRSC using the following UD entry. The transaction will overlay the erroneous control number.

TTC 902 000	BON NO_____		(MCRSC ONLY)
8-byte bonus number _____	↑		

NOTE: Omit the hyphen when reporting a bonus number. A bonus number of 142-98 would be reported as 0014298.

3. Anniversary Payments.

a. The enlistment, reenlistment, and affiliation over 18 months bonuses are paid by an initial payment followed by incremental anniversary payments. The anniversary payment entitlement is based on the completion of a SAT or UNSAT year. One month prior to the due

MCTFSPRIM

date of an installment, a message will appear on the DFR notifying the unit that a SAT or UNSAT year must be reported.

b. Report the appropriate entry shown below to report a SAT/UNSAT year as defined in MCO P1001R.1. The entry can not be reported until the ED is reached. In addition, the ED must match ED of the installment number in the bonus remark.

TTC 901 000 SAT YR____INSTALL ED____|
1st, 2nd, 3rd, 4th, 5th, 6th ↑ ↑
8-byte ED (YYYYMMDD) of bonus installment |

TTC 901 001 UNSAT YR____INSTALL ED____|
1st, 2nd, 3rd, 4th, 5th, 6th ↑ ↑
8-byte ED (YYYYMMDD) of bonus installment |

c. One month prior to the due date of installment, a message will appear on Part III of the DFR stating a SAT or UNSAT year must be reported. **SRIP INSTALLMENT DUE ON DATE INDICATED AS ED. REPORT SAT OR UNSAT YEAR.** This message will remain on subsequent DFR's until a SAT or UNSAT statement is reported. If a SAT year is reported, the Marine will be paid the anniversary payment on the first payday after the ED of the installment. If an UNSAT year is reported, the unit will be notified on the DFR that the Marine's record must be researched for possible termination.

4. Termination of Bonus.

a. The SRIP bonuses are terminated automatically upon posting the final payment within MCTFS.

b. When a Reserve Marine has failed to fulfill the contractual obligation for the bonus the unit is required to report a Termination Bonus (BON) ED. The ED to report is the ED a member was no longer participating as a member of an SMCR unit under the bonus program. The termination ED will be used to calculate recoupment of a bonus if necessary. Use the following statement when a SRIP Bonus must be terminated prior to the date it would automatically terminate:

TTC 903 000 TERMINATE BONUS ED____|
8-byte ED (YYYYMMDD) of termination ↑

MCTFSPRIM

CAREER STATUS BONUS (CSB)

91204. INTRODUCTION.

1. Career Status Bonus (CSB) is a Redux Retirement Plan available to Marines (both officer and enlisted) whose Date Entered Armed Forces (DEAF) is on or after 1 August 1986. Under this plan, and beginning on 1 October 2001, eligible Marines must decide whether to accept a \$30,000.00 one-time lump-sum payment at 15 years of service and (when eligible) retired pay at 40% of average base pay during the member's final three years of service, or remain subject to the provisions of the High 3 Retirement System. Marines must be notified at the 14 year 6 month mark of service of their option.

2. Members who elect the CSB would, upon retirement, receive annual cost-of-living adjustments capped at 1 percent below the Consumer Price Index. Members who elect to receive the CSB must execute a written agreement to remain on continuous active duty for five years following the completion of 15 years of active duty. If a member fails to serve 20 years of continuous active duty, the member must repay the portion of CSB for time not served. For further information on CSB, visit the following Web sites:

<http://militarypay.dtic.mil>

<http://pay2000.dtic.mil>

3. Diary input authority is indicated for HQ, Reg or Res. Type Transaction Code (TTC) statements for this section are shown below with the input authority and corrections indicator immediately following the statement.

	REPORTING AUTHORITY	DEL/ ADD	DEL/ ERR
005 000 ELECT CAREER STATUS BONUS__ __	HQ REG RES	N	Y
005 001 RECOUP CAREER STATUS BONUS ED _____	HQ REG RES	N	Y
500 000 CRED CAREER STATUS BONUS \$_____	DO/FO	N	Y
500 001 CHECK CAREER STATUS BONUS \$_____	DO/FO	N	Y

91205. CAREER STATUS BONUS (CSB) (TTC 005).

1. Report TTC 005 000 with an election code of '5' for members who DO NOT ELECT to receive the lump-sum CSB of \$30,000.00. Report the same TTC with an election code of '4' for members who ELECT TO RECEIVE the lump-sum bonus. When the bonus is reported and processed, MCTFS will automatically compute and pay the member in the next regularly scheduled payday once 15 years of service is reached. The bonus is taxed at 28 percent for FITW and the appropriate SITW percentage for one-time entitlements (if the member is not entitled to tax exclusion for service in a designated area). When reporting TTC 005 000, a member's Date of Original Entry Armed Forces (DEAF) must be after July 31, 1986 (see Chapter 5, Section 5) or the entry will fail.

2. At the time of the member's election eligibility, should the Commander deem that the member will be unable to complete the required twenty years of continuous active duty (due to pending disciplinary action or the possible finding that the member will be unfit medically for further service, etc.), an election code of '7' will be reported. To ensure that this election entry is not reported for a member who will be subsequently allowed reenlistment, the Commander should consider each case carefully. It is recommended that all available sources (i.e., medical personnel, Career Planner, CMC, etc.) be utilized before making this determination. **If the member changes their mind prior to reaching 15 years of service, first report a delete as erroneous, then report the new election code.** Report as follows:

TTC 005 000 ELECT CAREER STATUS BONUS __ _____|

1-byte election code (4, 5, 7) _____↑

8-byte date of election (YYYYMMDD) _____↑

3. Report TTC 005 001 if the member fails to complete the required obligated service under the written agreement. At the time of discharge, ensure the entry has posted prior to

MCTFSPRIM

reporting the discharge. MCTFS will automatically compute any recoupment amount based on the effective date of a member's discharge. Report as follows:

TTC 005 001 RECOUP CAREER STATUS BONUS ED _____|

8-byte ED of discharge (YYYYMMDD) _____

NOTE: The discharge date can be future-dated up to 14 days from the current date.

4. DO's and FO's have the ability to check or credit an incorrect CSB recoupment amount that was previously recouped by the MCTFS. To report a CSB credit amount:

TTC 500 000 CRED CAREER STATUS BONUS \$____|

Dollar amount to be credited _____

8-byte ED of credit (YYYYMMDD) _____

5. For reporting an additional CSB recoupment amount:

TTC 500 001 CHECK CAREER STATUS BONUS \$____|

Dollar amount to be checked _____

8-byte ED of checkage (YYYYMMDD) _____

NUMERIC PAY ENTITLEMENT CODES FOR CSB

	<u>Officer</u>	<u>Enlisted</u>	<u>Tax code</u>
Active duty Marines	19002	29002	1,4,5
Reserve Marines on active duty	31190	31300	1,4,5
